Dear Valued Business Owner:

Brady is excited to announce a new partnership with CGI Communications, Inc. to create a series of professionally produced online videos to highlight everything our community offers residents, visitors, and business owners.

In addition to creating the videos, CGI is ensuring they are seen. Mobile devices have shifted the landscape of business, making it more important than ever to embrace technology as residents of community are able to stream high quality video on every device. For many businesses, getting noticed online can be a challenge, however, **utilizing video dramatically improves visibility and drives more action to your website** than static pages; the demand for video climbing even higher for users on mobile devices.

With an easily viewable interface on the official city website, this video program will encourage viewers to learn more about area attractions, economic development opportunities, quality of life, and the businesses supporting the program. In addition, the city's official website will backlink to CGI's www.elocallink.tv, which hosts the Video Tour.

We are dedicated to highlighting the advantages of living and working in Brady; advantages that include access to our wonderful business community; and we feel that this video program can be widely successful. We encourage you to consider participating in this city-wide program as it provides an exciting opportunity to showcase your business and utilize the power of video on your own websites and social media pages.

RE: Notice of Non-Compliance with PURA § 39.151(d) and (j), Related to Market Structure; 16 TAC § 25.503(f)(2), Related to Oversight of Wholesale Participants; ERCOT Nodal Operating Guide § 1.4 Related to Transmission Operator Registration or Designation.

Investigation No. 2015090006

Dear Ms. Lenoir:

On October 21, 2015, the Staff of the Oversight and Enforcement Division (Staff) of the Public Utility Commission of Texas (Commission) notified the City of Brady of its non-compliance with the Public Utility Regulatory Act¹ (PURA) § 39.151(d) and (j), 16 Tex. Admin. Code § 25.503(f)(2) (TAC) and Electric Reliability Council of Texas (ERCOT) Nodal Operating Guide § 1.4. At that time, Staff was prepared to recommend that the Commission assess an administrative penalty against the City of Brady in the amount of \$25,000.

In response to Staff's notification, the City of Brady took timely action to come into compliance with the above referenced regulations. On December 7, 2015, the City of Brady provided ERCOT a fully executed Transmission Operator (TO) designation form. LCRA Transmission Services Corporation is currently the designated TO for the City of Brady. ERCOT staff confirmed that the City of Brady is now fully compliant with Nodal Operating Guide § 1.4.

Staff no longer recommends an administrative penalty be assessed for this matter. Instead, this investigation is now being closed with no further action recommended. However, any future non-compliance with PURA, Commission rules, or ERCOT procedures may result in the recommendation of administrative penalties.
