- H. Discussion, consideration and possible action regarding Davee Addition lot appraisals and Dodge Heights replatting and leases. Kim Lenoir presented. Council Member Huffman is against making people move their manufactured homes. Mayor said we need to fix the short-term problems. Rhonda Wright - 225 Melvin – came to council last February and has been waiting to purchase properties. Her mother has a mobile home on 307 Melvin. It’s a rental property. Previous 4-year renter moved, disconnecting utilities and mother tried to get utilities on to clean the property and sell it and was told she has no lease so utilities could not be turned on. Wright stated that she spent \$2000 building a concrete ramp to access the lake that all residents use. They are lake view but not lake front, due to the grass around the lake needs to be removed. Wright went on to say she called TCEQ about the new septic tank requirements and was told they are grandfathered. She sees her lake house once a year. She stated the residents in Dodge Heights were not notified about new lease fees in 2015. She checked other lakes and the Brady annual lease rate of \$1200 is extremely high. A nicer lake than Brady charges \$695 per year for a lease. Mother’s lease is up next year and new lease is \$1200 and says she can’t lease the property. She would like to figure out how to keep existing mobile homes and would like the \$1200 re-evaluated to make sure it’s a fair number.

Carolyn Clark – 307 Melvin - wants to fix up property and lease it or sell it, but her lease is up Feb 2019. There is not enough time to get her money back from the repairs that are needed before 2019. She would like to buy the property, fix it and continue to rent it out or sell it.

Linda Deeds - 202 Melvin – Bill Scoggins died and his kids came in but the City had torn it down. There was nothing wrong with it. But there are other properties that need to come down. There were some old drug houses that are now abandoned.

Dugan Sewell - 301 Melvin – has a Jan 2014 lease from son-in-law. The lease said no increase more than 10%. He wants to buy property and stay there the rest of his life, but he has a nice double-wide mobile home. He felt the city can increase his lot to ½ acre going towards lake. He did not want old broken down trailers to remain in Dodge Heights.

Harold Tacker – Davee Addition – wanted to know if his property is considered lake front. It is not. He thinks appraised rate is too high. City is required to use a MIA certified appraiser and sell the lots at fair-market-value.

Mayor said we need to know and fix short term problems and then do something for people whose leases have or will soon expire. Mayor doesn't want any big changes made while we are figuring it out. He went on to say, legally, if you sign a lease, when the lease is over, the lease is over and the owner can do what they want. All sides need to be considered.

Lenoir noted that some homes at Dodge Heights do not meet current codes to qualify for new utility connections. There are at least 4 abandoned properties at Dodge Heights that the staff will bring forward soon for Council to consider removing.

Lenoir explained once staff finds clear title on Davee Addition, the Council can consider offering the Davee lots for sell. Council Member Huffman suggested checking with Donald Barley to find legal ownership.

Mayor would like to start with a written list from the citizens of their concerns at Dodge Heights. Mayor Groves asked citizens to write down their concerns and we will address them. Mayor Groves also wants it on a future meeting agenda to discuss the \$1200 fee.

Council agreed that the April 17<sup>th</sup> work session will focus on Dodge Heights issues.

There was no further discussion. Mayor adjourned open meeting at 9:15pm.

- I. Discussion and summary of City Council action and if procedures and processes worked. There was no discussion.
