## 6. PUBLIC HEARINGS AND INDIVIDUAL CONCERNS

- A. Public Hearing to hear comments for or against a zoning change from Commercial District to Commercial (Central) Business District as requested by James Minor for property located at 212 North Church of the Fulcher Subdivision, Block 11, Lot 13 (P&Z Public Hearing 3/19/18). Peter Lamont presented. Public hearing was opened at 6:17 p.m. Brother of owner asked Council to refer to letter. Council Member Garza asked if public was notified of public hearing. Barbara Bolton said they remodeled to include living quarters. James Minor said they moved back to Brady to move into the building, then it came to their attention that they couldn't live there because it was just outside of the boundary. Joe Sanchez said we need to draw more interest to the downtown area. Public hearing was closed at 6:24 pm. OPENED AND TO BE CONTINUED 4-3-18.
- B. Public Hearing to receive comments for or against a zoning change from Commercial District to Commercial (Central) Business District as requested by City of Brady for property located at 100 Block of West Lockhart, southside only, of the Fulcher Subdivision, Block 11. (P&Z Public Hearing 3/19/18). Peter Lamont presented. Opened public hearing at 6:25 p.m. Closed public hearing at 6:27pm. OPENED AND TO BE CONTINUED 4-3-18.
- C. Discussion, consideration, and possible action regarding first reading of **Ordinance 1250** of the City of Brady adopting zoning change from Commercial to Central Business District for the 100 Block of W. Lockhart (south side only), Block 11 of the Fulcher Subdivision Lots 10, 11, 12 & 13 from Commercial District to Commercial Business District. (P&Z action 3/19/18). Peter Lamont presented and stated that P&Z voted unanimously to recommend zoning change. City Attorney Griffin noticed the Public Hearing Notice was published incorrectly with "Commercial" instead of "Central". Therefore, the public hearings will have to be corrected and continued on the April 3<sup>rd</sup> Council Meeting with no action taken until the April 3<sup>rd</sup> meeting.
- D. Public Hearing to receive comments for or against a zoning change from Commercial District to Manufactured Home District as requested by Albert Moreno for property located at 315 Irish Street in the J. F. Braun Subdivision, Block 407, Lot 71. (P&Z Public Hearing 3/19/18). Peter Lamont presented. Public hearing was opened at 6:36 p.m. There were no comments from the public. Public hearing was closed at 6:37pm.
- E. Discussion, consideration, and possible action regarding first reading of **Ordinance 1252** of the City of Brady adopting a zoning change from Commercial District to Manufactured Home District as requested by Albert Moreno for property located at 315 Irish Street in the J. F. Braun Subdivision, Block 407, Lot 71. (P&Z action 3/19/18). Albert Moreno explained the dilapidated house now on the lot will be removed and his new Manufactured Home is to be installed on that slab. Lamont explained that this site is a transition area with Commercial and Single Family zoning in the area. Council Member Garza moved to approve the first reading of Ordinance 1252. Seconded by Council Member Griffin. All Council Members voted "aye" and none "nay". Motion carried in a vote of 5 – 0.

## 7. INDIVIDUAL CONCERNS

- A. Discussion, consideration and possible action regarding **Abatement Order 2018-18** in accordance with Code of Ordinances Section 3.207 to authorize abatement of dilapidated structures at 301 Boston in the Martin Heights Subdivision, Block 40, Lots 1 – 2 (Public Hearing held 11/21/2017). Peter Lamont presented. Staff recommends proceeding with Code Enforcement for junk, and no action on Abatement Order. No action was taken.
- B. Discussion, consideration, and possible action regarding **Abatement Order 2018-19** in accordance with Code of Ordinances Section 3.207 to authorize abatement of dilapidated structures at 401 Boston in the Martin

Heights Subdivision, Block 39, Lots 3-4 (Public Hearing held 11/21/17). Peter Lamont presented. Council Member Huffman moved to approve Abatement Order 2018-19. Seconded by Council Member Garza. All Council Members voted "aye" and none "nay". Motion carried in a 5 – 0 vote.

- C. Discussion, consideration, and possible action regarding final Demolition Order 2018-22 for 306 West Marie Street (Public Hearing held 12/19/2017). Peter Lamont presented. Joe Sanchez commented he now has the funds to make the repairs, pay back taxes, and would like another 30 or 45 days. Council Member Perkins asked Sanchez if he will be putting up a fence and he said yes. Mayor Groves asked Lamont to clarify that Sanchez says there is nothing wrong with the structure that only the roof was compromised. Lamont announced it is staff's opinion that the structure is failing. Mayor Groves asked if the City gives 60 more days, will it still be compromised. Council Member Sutton moved to extend action for 45 days to do repairs and meet code violations. Seconded by Council Member Garza. All Council Members voted "aye" and none "nay". Motion carried in a 5 – 0 vote.
- D. Discussion, consideration and possible action regarding final Demolition Order 2018-24 for 208 South Willow Street (Public Hearing held 12/19/17). Peter Lamont presented and said all repairs have been made. Staff is recommending no action be taken. Council Member Garza moved to rescind Demo Order 2018-24. Seconded by Council Member Griffin. All Council Members voted "aye" and none "nay". Motion carried in a 5-0 vote.
- E. Discussion, consideration, and possible action regarding final Demolition Order 2018-25 for 1112 S. Willow. Peter Lamont presented. Code Enforcement Officer Davee said she entered the premises today. The owners intend to repair but are asking for more time. Council Member Sutton asked how much time they need. Owners said they probably needed a year. Council Member Garza said it's going to take a lot of work to tear the building down and went on to say a year is a long time, maybe we can give them 6 months then bring back. Peter Lamont said it needs to be secured. Mayor Groves proposes it be no more than 30 days to show that it has been secured then revisit. Council Member Sutton moved extend Demolition Order 2018-25 for 30 days. Seconded by Council Member Huffman. All Council Members voted "aye" none "nay". Motion carried in a 5 – 0 vote.
- F. Discussion, consideration, and possible action regarding Resolution 2018-008 reorganizing Municipal Court in accordance with Ordinance 1168 and including pay for the Municipal Court Judge position. Kim Lenoir presented. Council Member Huffman commented the position needs to be more defined and suggested a \$500 monthly fee plus reimburse for travel and training. Council can re-evaluate at budget time, if council thinks there will still be a problem with the pay. Leave Section 2 as is and amend Section 3 to \$500 per month for Municipal Court duties. Council Member Huffman moved to approve Resolution 2018-008 with changes as discussed with section 3 amended. Seconded by Council Member Griffin. All Council Members voted "aye" none "nay". Motion carried in a 5 – 0 vote.
- G. Discussion and summary of City Council action and if procedures and processes worked. There was no discussion.

**CITY COUNCIL**  
**CITY OF BRADY, TEXAS**  
**AGENDA ACTION FORM for ORDINANCE**

<b>AGENDA DATE:</b>	04/03/2018	<b>AGENDA ITEM</b>	6.C.
<b>AGENDA SUBJECT:</b>	Discussion, consideration, and possible action regarding first reading of Ordinance 1250 to rezone 212 North Church Street from Commercial District to Central Business District.		
<b>PREPARED BY:</b>	Kimberly Davee	<b>Date Submitted:</b>	03/28/2018
<b>EXHIBITS:</b>	Ordinance 1250 Map Zoning Application		
<b>BUDGETARY IMPACT:</b>	<b>Required Expenditure:</b>	\$00.00	
	<b>Amount Budgeted:</b>	\$00.00	
	<b>Appropriation Required:</b>	\$00.00	
<b>CITY MANAGER APPROVAL:</b>			

**SUMMARY:**

On December 27, 2017, a complaint was received by the Code office that the owner was using the commercial building as a residence. The zoning in this area is Commercial District which does not allow for work/live conditions. The zoning to the South of this property is Central Business District (CBD). The Central Business District ends in the alley just before Mr. Minor's building.

Mr. Minor came by my office January 2, 2018 to inquire about the offenses and solutions. He asked if zoning to Central Business District would be a possibility. A zoning application was given to the owner and was filed with the Code office immediately.

On January 23, 2018, Planning and Zoning held a public hearing on this request and made a motion to recommend approval of the request to City Council with the condition that all of Block 11 be rezoned as well.

Peter Lamont was told by the City Attorney that without proper notice on the other buildings that the decision made by P&Z failed to meet the requirements of the Open Meetings Act.

The City immediately published the proper notice for all of Block 11 to be rezoned and gave proper notice to all property owners within 200 feet.

The Planning and Zoning Commission held a public hearing on March 19, 2018 for rezoning of this property. A motion was made to recommend approval of the request to City Council.

Staff has since been made aware that this could be considered an extension of the Central Business District and not spot zoning, therefore would not require rezoning the entire block. By zoning only 212 Church it avoids the possibility of restricting future commercial use of the surrounding lots.

**RECOMMENDED ACTION:**

If approved and recommended by P&Z, staff recommends the first reading by City Council.

**Mayor:** “Do I have a motion to read the full ordinance?”

**If no,** **Mayor will state:** “A majority of the City Council has dispensed with the full reading of the ordinance.”

**Mayor will ask:** “Madam City Secretary please read the Ordinance Preamble for the record in accordance with the City Charter.” “Secretary reads preamble”

**Mayor calls for a motion:**

Move to approve first reading of Ordinance

**AN ORDINANCE OF THE CITY OF BRADY, TEXAS, GRANTING A ZONING CHANGE FROM COMMERCIAL DISTRICT TO CENTRAL BUSINESS DISTRICT FOR THE PROPERTY LOCATED AT 212 NORTH CHURCH STREET BLOCK 11 OF THE FULCHER SUBDIVISION LOT 13 UPON APPLICATION BY JAMES MINOR.**

**WHEREAS**, Chapter 211 of the Texas Local Government Code empowers the City of Brady, Texas to enact zoning regulations and provide for their administration, enforcement and amendment; and

**WHEREAS**, the City has previously deemed it necessary and desirable to adopt zoning regulations to provide for the orderly development of property within the City in order to promote the public health, safety, morals and general welfare of the residents of the City, and

**WHEREAS**, Chapter 14 of the Brady Code of Ordinances constitutes the City's Zoning Regulations and requires property to be zoned in accordance with proper designations as defined by the City; and

**WHEREAS**, James Minor applied for a zoning change to Central Business District, and

**WHEREAS**, the Planning and Zoning Commission of the City provided adequate notice and held a public hearing on March 19, 2018 in accordance with the Brady Code of Ordinances and Chapter 211 of the Texas Local Government Code; and

**WHEREAS**, the Planning and Zoning Commission of the City recommended approval of the zoning change of the designated property and confirmed that the zoning change is uniform and conforms to the plan design of the City's Zoning regulations; and

**WHEREAS**, the City Council believes the zoning change will not adversely affect the character of the area of the neighborhood in which it is proposed; will not substantially depreciate the value of adjacent or nearby properties; will be in keeping with the spirit and intent of the City's Zoning Ordinance; will comply with applicable standards of the district in which located; and will not adversely affect traffic, public health, public utilities, public safety and the general welfare of the residents of the City;

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BRADY, TEXAS, THAT:**

A Zoning Change from Commercial District to Central Business District is granted for property located at 212 North Church Street.

**PASSED AND APPROVED** on its First Reading on this \_\_\_\_\_ day of \_\_\_\_\_ 2018.

CITY MANAGER APPROVAL:			
<b>SUMMARY:</b> <p>The City currently has a NIBRS grant to assist in merging current software under one program. Representatives from Kologik (the company who absorbed our current vendor COPSync) notified the City of a new/additional 100% grant being offered through the same source as our original grant, the Office of the Governor. This newly-released grant is offering additional hardware/software changes and updates that will enable the police department to provide CAD (Computer Aided Dispatch), RMS (Records Management System) capabilities that are not currently possible. Once this new software and equipment is installed via grant funding and the existing City contract (to expire in 2020), only an annual maintenance/upgrade fee will be required and is projected to be less than our current yearly expenditure software maintenance expenditures.</p> <p>This grant will also allow the police department to move forward with providing all necessary services from this vendor and eliminate the need and cost of additional vendors.</p> <p>Chief Thomas will be available to answer questions.</p>

### Agenda Action Form

AGENDA DATE:	4/3/2018	AGENDA ITEM	7. B.
AGENDA SUBJECT:	Discussion of procedures and processes for initial customer contact, application, agreement, permit fees, and rate concerning distributed generation, i.e., solar, wind and fuel powered electric generating systems.		
PREPARED BY:	Steven Miller / Lisa Remini	Date Submitted:	3/29/2018

	Appropriation Required:	\$00.00	
CITY MANAGER APPROVAL:			
<b>SUMMARY:</b> On March 20, Council made some edits to the application and agreement presented. The 20 MW box is needed on the application so the City can notify LCRA of this addition of DG requested.  On February 20, staff introduced a new DG Ordinance for the City. Council requested to see how an application and agreement will look. Also what permit fees are recommended and what rate will the city reimburse the user that generates more power than they use. Staff will also prepare additions to the existing Electric Rate Ordinance 1104 to include the DG items and update electric rates.  Staff recommends the following fees to be added to the annual fee schedule ordinance: DG Permit (Inspection) \$50 DG Permit >10MW will be actual cost, since an engineering study is required.  Once permit and agreement are approved, you proceed to set-up charges which are outlined in the newly revised Electric Fees and Charges Ordinance 1253.  Staff will be available to answer questions.

# **DISTRIBUTED GENERATION AGREEMENT**

**FOR THE INTERCONNECTION AND PARALLEL  
OPERATION OF DISTRIBUTED GENERATION IN THE  
CITY OF BRADY ELECTRIC SYSTEM**

THIS AGREEMENT is entered into by and between the City of Brady (CITY) and

\_\_\_\_\_  
Customer (Customer).

City of Brady owns and operates a municipal electric utility engaged in the distribution of electricity serving the City of Brady and portions of McCulloch County, Texas; and Customer intends to construct, own, operate, maintain and connect to the City of Brady electric distribution system, a Distributed Generation system less than 10MW in size (the DG System) at address: \_\_\_\_\_

\_\_\_\_\_  
; and the parties hereto wish to set the terms of its interconnection with the City of Brady electric distribution system and contract for the purchase and sale of the electrical output from the DG System, if the DG system produces any electrical output to the CITY'S distribution system. THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties hereby contract and agree with each other as follows:

---

**Article 1.0** | This Agreement shall be effective as of the date of execution by the latter of the two parties (the Effective Date) and, subject to the other terms of this Agreement, shall continue in effect for a period of one year, and month to month thereafter.

**Article 2.0** | The DG System will be installed at Customer's premises at the address specified above. The DG System shall not have a generation capacity greater than 10 MW. Customer shall install, operate and maintain the DG System in full and faithful compliance with all applicable federal, state and local laws, ordinances, rules and regulations, and generally accepted industry codes and standards, including, but not limited to the National Electrical Safety Code and the National Electrical Code. Customer shall promptly notify CITY upon receipt of any citation or other official notice of alleged violation of laws, ordinances, rules and regulations concerning the DG System.

**Article 3.0** | Customer warrants and represents that:

**3.01** | The information regarding the characteristics of the DG System are as specified in the DG Interconnection Application and Parallel Operation of Distributed Generation with the CITY Electric system filed by the Customer with CITY;

**3.02** | The DG System and associated other electrical components and devices meet National Electrical Code standards;

**3.03** | All permits, inspections, approvals, and/or licenses necessary for the installation or operation of the DG System have been obtained;

**3.04** | The DG System has been successfully tested to UL 1741 and IEEE 1547 standards, or has been satisfactorily tested by an independent laboratory with published results.

**Article 4.0 |** If any of the representations made by the Customer regarding the characteristics of the DG system are inaccurate, CITY may, without waiver of or prejudice to any other remedy, immediately disconnect the DG system from the CITY electric system and terminate this agreement.

**Article 5.0 |** CITY will purchase from Customer and Customer will sell exclusively to CITY the electrical output from the DG system that is "received" by the CITY Electric Distribution System. During the term of this Agreement, Customer shall exclusively purchase from CITY its requirements of electric energy above the amounts generated by the DG system.

**Article 6.0 |** As provided for in the CITY'S DG Rate Rider, the City of Brady shall pay Customer for the "KWh Received" (energy received by the CITY'S Distribution System) at the "Avoided Cost of Generation Rate" (ACGR). The ACGR is calculated based on the Avoided Cost of Generation Formula (ACGF), which can be obtained from the CITY. The inputs to the calculation are derived from the CITY'S wholesale electric energy provider(s) monthly invoices. The CITY reserves the right to amend the ACGR and the ACGF.

**Article 7.0 |** Customer shall pay for the installation and/or the field programming of the data recorder (meter) that is capable of measuring the "KWh Delivered" (energy delivered to the Customer) and the "KWh Received" (energy received by the CITY'S Distribution System) in monthly intervals established by the CITY of Brady, using a single meter or two-meter configuration. The fee for this service is provided in the annual CITY Fee Schedule.

**Article 8.0 |** Customer shall pay a monthly meter reading / meter data processing fee. The fee for this service is provided in the annual CITY Fee Schedule.

**Article 9.0 |** For installations greater than 10MW capacity CITY may perform pre-interconnection studies, which shall include service study, coordination study, and utility system impact study, as needed and determined in the sole discretion of CITY. In instances where such studies are deemed necessary, the scope of such studies shall be based on the characteristics of the particular distributed generation facility to be interconnected and the CITY'S distribution system at the specific proposed location. CITY may charge Customer fees for studies that recover the costs of performing such studies. Any modifications or additions to the CITY'S Electric system identified through the pre-interconnection study as required for the safe and reliable interconnection of Customer's facility shall be solely at the Customer's expense. Customer shall not acquire any ownership in such modifications or additions to CITY'S Electric system.

**Article 10.0 |** Customer shall be solely responsible for the design, installation, operation, maintenance, and repair of the DG System and Customer's interconnection facilities. The interconnection of the DG System to the CITY electrical system shall comply with the Public Utility Commission of Texas Substantive Rules §25.212 relating to Technical Requirements for Interconnection and Parallel Operation of On-Site Distributed Generation, (Title 16 Texas Administrative Code §25.212) or any successor rule addressing distributed generation. CITY shall inspect the DG System and the interconnection equipment. All costs to interconnect with the CITY electric system shall be the responsibility of Customer. CITY shall not be required to take or pay for any energy generated by the DG System until the DG System successfully passes CITY'S Field Inspection. Maintenance of the DG System by the Customer shall be performed in accordance with the applicable manufacturer's recommended maintenance schedule.

**Article 11.0 |** CITY shall not be obligated to accept, and shall have the right to require Customer to temporarily curtail, interrupt, or reduce, deliveries of energy in order to construct, install, maintain, repair,

replace, remove, investigate, inspect, or test any part of the interconnection facilities, equipment, or any part of the CITY electric system. CITY may disconnect, without notice, the DG System from the electric distribution system, if, in CITY'S opinion, a hazardous condition exists and such immediate action is necessary to protect persons, or CITY'S facilities or other customers' facilities from damage or interference caused by Customer's DG System or lack of properly operating protective devices.

**Article 12.0 |** Customer hereby grants CITY access on and across its property at any reasonable time to inspect the DG System and the interconnection equipment, to read or test meters and metering equipment, and to operate, maintain and repair CITY'S facilities. No inspection by CITY of the DG System or the interconnection facilities shall impose on CITY any liability or responsibility for the operation, safety or maintenance of the DG system or Customer's interconnection facilities.

**Article 13.0 | CUSTOMER SHALL INDEMNIFY, DEFEND AND SAVE HARMLESS CITY, ITS ELECTED AND NON-ELECTED OFFICIALS, OFFICERS, AGENTS AND EMPLOYEES FROM AND AGAINST ANY AND ALL LIABILITIES, LOSSES, CLAIMS, DAMAGES, ACTIONS, SUITS OR DEMANDS FOR DAMAGES (INCLUDING COSTS AND ATTORNEY'S FEES, BOTH AT TRIAL AND ON APPEAL) ARISING OUT OF, RESULTING FROM, OR IN ANY MANNER CONNECTED WITH THE BREACH OF ANY WARRANTY OR REPRESENTATION MADE BY CUSTOMER IN THIS AGREEMENT, OR IN ANY MANNER CONNECTED WITH THE DESIGN, CONSTRUCTION, OPERATION, MAINTENANCE OR REPAIR OF ANY PART OF CUSTOMER'S DG SYSTEM OR INTERCONNECTION FACILITIES, INCLUDING, WITHOUT LIMITATION LIABILITIES, LOSSES, CLAIMS, DAMAGES, ACTIONS, SUITS OR DEMANDS FOR DAMAGES FOR OR ON ACCOUNT OF PERSONAL INJURY TO, OR DEATH OF, ANY PERSON, OR DAMAGE TO, OR DESTRUCTION OR LOSS OF, PROPERTY BELONGING TO CUSTOMER, CITY OR ANY THIRD PERSON.**

**Article 14.0 | For Facilities Larger than 50 kW:** The Customer is not required to provide a certificate of insurance coverage to CITY. It is recommended, however, that the Customer carry liability insurance coverage which insures the Customer against all claims for property damage and for personal injury or death arising out of, resulting from or in any manner connected with the installation, operation and maintenance of the Customer's generating equipment.

**Article 15.0 |** Notices given under this Agreement are deemed to have been duly delivered if hand delivered or sent by United States Postal Service certified mail, return receipt requested, postage prepaid, to:

**If to Company:**

City of Brady  
Attn: City Manager

The above-listed names, titles, and addresses of either party may be changed by written notification to the other.

**Article 16.0** | A material failure of either party to fully, faithfully and timely perform its obligations under this Agreement shall be a breach of this Agreement. In the event of a breach which is not cured within thirty (30) days after receipt of written notice to the party in default, the party not in default may terminate this Agreement. If Customer is in breach of this Agreement, and such breach continues for thirty (30) days after written notice from CITY, CITY may disconnect the DG System or otherwise suspend taking energy from Customer. All rights granted under this section are in addition to all other rights or remedies available at law or under this Agreement or the applicable CITY Utilities Rules and Regulations.

**Article 17.0** | Customer may not assign this Agreement without the prior written consent of CITY. Any assignment without such consent shall be null and void.

**Article 18.0** | This Agreement constitutes the entire agreement and understanding between the parties hereto and can be amended only by agreement between the parties in writing. In the event any provision of this Agreement, or any part or portion thereof, shall be held to be invalid, void or otherwise unenforceable, the obligations of the parties shall be deemed to be reduced only as much as may be required to remove the impediment.

**Article 19.0** | The failure of either party to insist in any one or more instances upon strict performance of any provisions of this Agreement, or to take advantage of any of its rights hereunder, shall not be construed as a waiver of any such provision or the relinquishment of any such right or any other right hereunder.

**Article 20.0** | This Agreement and all disputes arising hereunder shall be governed by the laws of the State of Texas. Venue for all such disputes shall be proper and lie exclusively in McCulloch County, Texas.

## Agenda Action Form for Ordinance

AGENDA DATE:	4-3-2018	AGENDA ITEM	1C 7.D.
AGENDA SUBJECT:	Discussion, consideration, and possible action on <b>first reading of Ordinance 1253</b> of the City of Brady amending Electric Ordinance to include Distributed Generation (DG) Rates.		
PREPARED BY:	Lisa Remini	Date Submitted:	3-28-2018
EXHIBITS:	Ordinance #1253		
BUDGETARY IMPACT:	Required Expenditure:	\$00.00	
	Amount Budgeted:	\$00.00	
	Appropriation Required:	\$00.00	
CITY MANAGER APPROVAL:			

### SUMMARY:

City Staff developed and Council adopted a DG Ordinance and customer Agreement document to govern Distributed Generation (DG) transactions with the public.

The attached ordinance ties the DG efforts together with the service rates offered to our electric service customers.

### RECOMMENDED ACTION:

**Mayor:** “Do I have a motion to read the full ordinance?”

**If no, Mayor will state:** “A majority of the City Council has dispensed with the full reading of the ordinance.”

**Mayor will ask:** “Madam City Secretary please read the Ordinance Preamble for the record in accordance with the City Charter.” **“Secretary reads preamble”**

### **Mayor calls for a motion:**

Move to approve first reading of Ordinance 1253.

## **ORDINANCE 1253**

### **AN ORDINANCE OF THE CITY OF BRADY, TEXAS – ADDING DISTRIBUTED GENERATION (DG) RATES; A SPECIAL CONDITIONS CLAUSE; A SALES TAX CLAUSE; REPEALING ALL CONFLICTING ORDINANCES**

**WHERAS**, The City Council of the City of Brady has reviewed the City's electric rate schedule and determined that rates for Distributed Generation need to be included,

**WHERAS**, The City Staff has reviewed the electric rate schedule and determined that certain language to support special conditions of service shall be added,

**NOW, THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BRADY, TEXAS:**

#### **SECTION 1**

##### **Rates and Charges**

That Section 13.1001 of the Brady Code of Ordinances relative to electric utility rates is hereby amended to read as follows:

**Sec. 13.1001                    Monthly Rates**

Subsequent amendments to rates will be formalized by the adoption of the City's Fee Schedule Ordinance.

The monthly rates to be charged to customers for public electric utility services shall be in accordance with the schedules as follows:

**(1)                    Residential**

(a) Applicable to residential customers for all domestic usage where all energy is taken through a single meter. Service will be furnished under this rate schedule subject to the established rules and regulations of the City covering this type of service.

(b) Character of Service - A.C., 60 cycles per second, single phase, 120/240 volts.

(c) Rate:

Meter Service Charge: \$10.25 per month, plus

Distribution Charge: \$0.0520 per kWh for all kWh per month, plus

Power Cost Adjustment: A component adjusted monthly based on wholesale power costs

(d) Minimum Monthly Charge - The minimum monthly charge under this rate schedule shall be the meter service charge of \$10.25 per month.

(e) Power Cost Adjustment - The monthly charges under this rate schedule shall be increased or decreased as necessary to reflect the application of a power cost adjustment calculated in accordance with Sec. 13.1002.

### **Special Condition of Service**

Service will be rendered under this rate schedule when the City has facilities immediately adjacent to the customer's premises. If a power line extension is required to provide service to the customer, the customer's cost of the line extension will be determined in accordance with the City's extension policy in effect at the time of the extension.

#### **(2) Small Commercial**

- (a) Applicable to non-residential customers billed through a single meter whose power transformer for electric service is between 0 and 50 KVA. Service will be furnished under this rate schedule subject to the established rules and regulations of the City covering this type of service.
- (b) Character of Service - A.C., 60 cycles per second, single-phase, 120/240 or 240/480 volts; three phase 120/240/208, 120/208, 277/480 volts as available at point of service. Three-phase customers served via under-ground primary to pad-mounted transformers will be furnished only 120/208 or 277/480 volt service.
- (c) Rate:
  - Meter Service Charge: \$12.25 per month for service, plus,
  - Distribution Charge: \$0.0430 per kWh for all kWh per month plus
  - Power Cost Adjustment: A component adjusted monthly based on wholesale power costs
- (d) Minimum Monthly Charge - The minimum monthly charge under this rate schedule shall be the meter service charge of \$12.25 per month.
- (e) Power Cost Adjustment - The monthly charges under this rate schedule shall be increased or decreased as necessary to reflect the application of a power cost adjustment calculated in accordance with Sec. 13.1002.

### **Special Condition of Service**

Service will be rendered under this rate schedule when the City has facilities immediately adjacent to the customer's premises. If a power line extension is required to provide service to the customer, the customer's cost of the line extension will be determined in accordance with the City's extension policy in effect at the time of the extension.

#### **(3) Large Commercial**

- (a) Applicable to all commercial customers where service is taken through one meter at one point of delivery and where the power transformer for electric service is greater than 50 KVA for at least two billing cycles within a rolling 12 month period. Service will be furnished under this rate schedule subject to the established rules and regulations of the City covering this type of service. Before service is furnished hereunder, an individual electric service agreement contract between the customer and

the City may be required outlining all details or requirements of the service to be supplied, the terms of the contract, and the obligations of each party.

- (b) Character of Service - A.C., 60 cycles per second, single-phase, 120/240 or 240/480 volts; three phase 120/240/208, 120/208, 277/480 volts as available at point of service. Three-phase customers served via under-ground primary to pad-mounted transformers will be furnished only 120/208 or 277/480 volt service.
- (c) Rate:
  - Meter Service Charge: \$22.25 per month for service, plus,
  - Distribution Charge: \$0.0251 per kWh for all kWh, plus
  - Demand Charge: \$3.92 per kW, plus
  - Power Cost Adjustment: A component adjusted monthly based on wholesale power costs
- (d) Minimum Monthly Charge - The minimum monthly charge under this rate schedule shall be the meter service charge of \$22.50 per month.
- (e) Power Cost Adjustment - The monthly charges under this rate schedule shall be increased or decreased as necessary to reflect the application of a power cost adjustment calculated in accordance with Sec. 13.1002.

**(4) Industrial**

- (a) Applicable to all commercial customers where service is taken through one meter at one point of delivery and where the power transformer for electric service is greater than 1000 KVA for at least two billing cycles within a rolling 12 month period. Service will be furnished under this rate schedule subject to the established rules and regulations of the City covering this type of service in addition to any other applicable criteria established by the wholesale power supplier. Before service is furnished hereunder, an individual service agreement contract between the customer and the City may be required outlining all details of the service to be supplied, the terms of the contract, and the obligations of each party.
- (b) Character of Service - A.C., 60 cycles per second, single-phase, 120/240 or 240/480 volts; three phase 120/240/208, 120/208, 277/480 volts as available at point of service. Three-phase customers served via under-ground primary to pad-mounted transformers will be furnished only 120/208 or 277/480 volt service.
- (c) Rate:
  - Meter Service Charge: \$1000.00 per month for service, plus,
  - Distribution Charge: \$0.0151 per kWh for all kWh, plus
  - Demand Charge: \$3.92 per kW, plus

**Power Cost Adjustment:** A component adjusted monthly based on wholesale power costs

- (d) Minimum Monthly Charge - The minimum monthly charge under this rate schedule shall be the meter service charge of \$22.50 per month.
- (e) Power Cost Adjustment - The monthly charges under this rate schedule shall be increased or decreased as necessary to reflect the application of a power cost adjustment calculated in accordance with Sec. 13.1002.

#### **Special Condition of Service**

Service will be rendered under this rate schedule when the City has facilities immediately adjacent to the customer's premises. If a power line extension is required to provide service to the customer, the customer's cost of the line extension will be determined in accordance with the City's extension policy in effect at the time of the extension.

The customer shall control voltage fluctuations caused by his equipment at his expense. The customer's equipment shall not cause voltage fluctuations that exceed 1% on the City's primary distribution system.

A power factor penalty may be assessed if the necessary equipment for determining power factor is installed and if the power factor during the coincident peak KW demand period is less than 0.97.

The power factor penalty shall be calculated by increasing the measured coincident peak KW billing demand such that the corrected billing demand and measured KVAR yield a calculated power factor of 0.97. If the measured power factor is 0.97 or greater, the billing KW demand shall be the KW demand in accordance with the appropriate schedule.

The additional metering equipment necessary to measure or compute KVAR or power factor may be installed at any demand metered customer without notice at the discretion of the City

#### **(5) Distributed Generation**

(a) Applicable to any retail Customer receiving electric service from the Brady Electric Utility that owns and operates an on-site generating system capable of producing ten megawatts (10 MW) or less and interconnects with the City's electric distribution system. The Customer must be compliant with the City's distributed generations policies and terms and conditions prior to being assigned to this tariff.

(b) Rate:

1. In a billing month after a Customer receives approval to interconnect the Customer's on-site generating system from the City, the Utility will determine the Delivered KWh and the Received KWh on an ongoing, monthly basis.
2. The Delivered KWh (energy) will be billed on the standard applicable rate schedule.

3. The Received KWh (energy) will be multiplied by the Utility's Avoided Cost of Generation Rate (ACGR) for the applicable billing cycle to determine the amount the Utility shall credit the Customer.
4. The ACGR is based on the actual cost of generation from the City of Brady's wholesale supplier(s) divided by the total retail sales for the billing period.
5. Any credit related to the ACGR shall be remitted by the Brady Utility billing service to the Customer in the billing period that the energy received was metered.
6. A one-time non-refundable installation set up fee of \$50.00 will be required at the time of application for DG service.
7. A monthly meter data processing fee will be charged at the rate of \$3.00 per billing cycle.
8. The actual cost of the specialized meter will be charged to the Customer.

## SECTION 2

## Power Cost Adjustment Formula

That Section 13.1002 of the Brady Code of Ordinances relative to the Power Cost Adjustment formula is hereby amended to read as follows:

## Sec. 13.1002 Power Cost Adjustment Formula

(1) The purpose of this formula is to accurately recover from City customers the cost of total delivered wholesale power purchases.

Wholesale power purchases shall include but are not limited to transmission charges, ERCOT Fees, delivery charges, and any other delivery fees necessary. All wholesale power cost realized above the base amount shall be billed by the City on its monthly bills as a power cost adjustment, determined in accordance with the provisions set forth below. On a periodic basis the City will compare the total amount of power cost adjustment which should be recovered to the actual power cost adjustment revenues received in the previous City billing period(s), adjusted as necessary for anticipated increases or decreases. Any difference realized will be added or subtracted from the amount of power cost adjustment to be recovered in the next City billing period(s).

The formula for calculation of the power cost adjustment is as follows:

$$PCA = \frac{(1) \text{ Net Power Supply Cost}}{(2) \text{ Net kWh Sold}}$$

### Definitions:

PCA = Power Cost Adjustment (\$ per kWh) rounded to the nearest 0.0001 cent.

Net Power Supply Cost = The total amount charged to the City of Brady for energy supplied by the City's wholesale provider(s).

Net kWh Sold = The total kWh sold to all electricity customers of the City of Brady

### **SECTION 3**

In addition to the monthly charges, the customer shall be billed for all taxes applicable to the sale of electricity.

### **SECTION 4**

This ordinance shall be cumulative of all provisions of ordinances and of the Code of the City of Brady, as amended, except where the provisions of this ordinance are in direct conflict with the provisions of other ordinances or the Code, in which event this ordinance shall take precedence over the conflicting provisions of other ordinances.

### **SECTION 5**

It is hereby declared to be the intention of the City Council that the phrases, clauses, sentences, paragraphs, and sections of this ordinance are severable, and if any phrase, clause, sentence, paragraph, or section of this ordinance shall be declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, the unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs, and sections of this ordinance, since they would have been enacted by the City Council without the incorporation in this ordinance of any such unconstitutional phrase, clause, sentence, paragraph, or section.

### **SECTION 6**

This ordinance shall be in full force and effect from and after its passage, and it is so ordained.

**APPROVED** this first reading the \_\_\_\_\_ day of April 2018 and

**PASSED AND APPROVED** this second reading the \_\_\_\_\_ day of April 2018.

<b>SUMMARY:</b> On January 16, 2018 the Council called a special election to transition the Brady Economic Development Corporation from a 4A EDC to a 4B EDC. A fact sheet has been prepared to explain the potential change.			
This fact sheet was reviewed and approved by the BEDC Board of Directors.			

**RECOMMENDED ACTION:**

Approve the Fact Sheet for the BEDC 4A to 4B Election

## Type A to Type B Economic Development Corporation (EDC) Election

### What's will change?

The Brady EDC will be better positioned to assist new and existing businesses by expanding its activities into retail development and expansion as well as Community Development – “Community Development produces assets while Economic Development uses those assets.” Phillips and Pittman 2015 Community Development Handbook

### Why do this?

The City of Brady competes for businesses and jobs with neighboring communities. According to the Texas Municipal League 2015 Economic Development Handbook there are 586 EDCs in Texas. Of those 101 are Type A, 367 are Type B and 118 are both an A and a B. With the restricted use of funds for a Type A, Brady is left with a competitive disadvantage against Type B communities.

### What will it Cost?

Nothing, the ½ cent sales tax is already being collected.

### Will citizens still get a voice?

Yes. All Type A projects will continue with City Council approval. Any proposed Type B project requires a public hearing. Following that public hearing is a mandatory 60-day waiting period during which citizens have the right to file a petition to put the project up for election. If the project is more than \$10,000 then a resolution is required to be approved at two City Council meetings.

### What is a Type A Project?

Type A projects include recruitment and development of Manufacturing and Industrial businesses, installing targeted infrastructure for any business, workforce development and business related airport facilities.

### What is a Type B Project?

Type B projects include everything that Type A includes plus recruitment and development of any business, including downtown areas. Community development projects also including parks, trails, sporting, and tourism facilities.

### Must be registered to vote by April 5, 2018

Election information: Early Voting is from April 23 – May 1, 2018 from 8:00a.m. to 5:00 p.m.

April 24 and April 26 is from 7:00a.m. to 7:00 p.m.

Election Day: May 5, 2018 from 7:00 a.m. to 7:00 p.m.

Quarterly Report: January 2018 – March 2018**Project Status Report, Clean Water State Revolving Fund (CWSRF) Project #73638:****WWTP Replacement Project**

The City of Brady is a loan recipient from TWDB under the CWSRF program. The WWTP is at a critical stage in regard to its structural viability and treatment efficacy as the entire facility has reached the end of its useful life. Originally placed into service circa 1960's and repurposing of existing structures over several decades with one (1) major upgrade in late 1980's. The engineering firm of Freese and Nichols, Inc. (FNI) has been engaged to provide professional engineering services for producing a proper design for the replacement of the WWTP that will meet the rules and requirements of two (2) State Agencies: TWDB and TCEQ.

The final design services will return documents describing a high efficiency wastewater treatment facility as a continuous flow through extended aeration. Interim design capacity is 600,000 gal/day (avg.) with a future permitted flow of 990,000 gal/day including an approximate 2-hr peak flow of 2.75 M.G.D. Upon start-up of the new WWTP the existing facility will be abandoned and secured. Through a series of communication and correspondence and conferencing the following opinion of preliminary cost tabulation was derived and included in the TWDB-2019 Funding Application as supported by Project Information Form or PIF No. 12744:

#### Project Status –

- City staff in association with Apex-TITAN (geo-science consultant) developed a “path toward closure” strategy with TCEQ Remediation Division (Austin). TCEQ in letter dated February 27, 2018 has directed the city to produce an Affected Property Assessment Report requiring in effect a re-assembling of previous submitted data consisting of nearly a decade of reporting. This remains an option for the city to consider under the original application letter from Apex-TITAN for a *Notice of Intent to Switch to TRRP (NOIST)* application (compiled by city staff & Apex-TITAN and submitted 12/21/2017).

**Project Description:** The City of Brady (COB) received a Boating Access Program Grant from the Texas Parks and Wildlife Department (TPWD). This grant will extend one (1) boat ramp and improve two (2) boat docks at Brady Lake. The ramp on the north side of the park will be extended and boat docks at the Main Ramp and the North Ramp will be updated. The project was rebid in March 2016, and Weststar Construction secured the contract for the ramp improvements and docks. Construction of the dock was completed in January 2017, but due to recent rains and increasing lake levels the boat ramp construction has been delayed and a contract amendment with Weststar to remove the Boat Ramp Project from the original contract has been completed.

At this time no further action is anticipated unless lake level drop significantly. TPWD has asked that we retain the grant until the expiration in June of 2018.

### **Expenditures:**

**BEDC Funds to Date for Fish House:** \$ 62,383.70

### **Contract Assignments:**

**Engineer:** KSA Contracted: **June 16, 2014**  
**Contractor:** Docks of Texas – Fish House

**Project Description:** In 2008, the citizens of Brady approved the use of 4A Economic Development Funds for a 4B-Type project for improvements at Brady Lake Park. One of the improvements was the rehabilitation of the Fish House. The new Fish House was designed and originally bid as part of a larger project including a boat ramp and new boat docks. After receiving no bids for the ramp and docks, the Fish House Redevelopment Project was separated from the boat ramp improvements. Docks of Texas is remodeling the Fish House with BEDC funds and is 80% complete. The old Fish House has been removed. Electrical has been run and lighting has been installed. Staff has attempted to notify the contractor that they are in breach of contract via phone, e-mail and certified letter. The letter was returned unclaimed. Staff is seeking new contractors to anchor and insulate the fish house.

Staff has been unable to find a contractor willing to finish the construction so is acting as the general contractor. Flotation for the ramp has been ordered and bids are being received to repair the ramp and insulate the structure. Once these steps are complete, the fish house can be moved into final position and anchored. The anchors are already installed on the shoreline.

**Project Description:** The City of Brady (COB) has received a Small Communities Grant from the Texas Parks and Wildlife Department (TPWD). This project includes new sidewalks, picnic spaces and a new playground at Willie Washington Park. Director Peter Lamont attended the National Recreation and Parks Association Conference in October 2016 to view first hand possible playground styles to develop conceptual ideas to present to citizens. Staff met with neighborhood representatives on November 22, 2016 and March 27, 2017 to discuss the style and design of the playground. Council then approved issuing a purchase order for the new playground with the requested changes. The playground, sidewalk, benches and shade structure has been installed.

The Electrical Utilities Division has put the majority of the overhead electrical, underground and installed new lights. Staff has met with the irrigator and is working on schedule for installation. Once the irrigation is installed, we will install plants and signage in a new sign bed.

**Project Description:** The City of Brady (COB) has received a request by a private company, Fairmount Santrol to install improvements at Stanburn Park. The desired improvements include updating the tennis courts and converting them to basketball courts, planting trees, improving the turf, and installing shade structures.

Additionally, the family of Lt. Daniel R. Conway is committing a one-time gift of \$50,000.00 towards a new playground. The City has received a total of \$50,000.00 in donations. The new playground was installed in February and staff worked to improve the surface of the court area. Projects still anticipated in the park are updating the lighting, installing a second basketball goal and painting the court surface, installing trees and a drip irrigation system for them, and adding bleachers to the basketball court. Staff is working on a design for the new name sign and commemorative plaque

**Project Description:** The City of Brady (COB) received a Recreational Trails Program Grant from the Texas Parks and Wildlife Department (TPWD) in 2012. This grant rebuilds the gravel trail along Brady Creek from Richards Park to a park located on West Richards Drive and North Pine Street. The original trail was built in 1986. This project had an original due date of June 2015. Staff completed a walk-through of the trail on September 13, 2016 with the project engineer and has submitted a punch list to the contractor containing two items (2) for repair. Staff conducted a walk-through with TPWD on March 1, 2017. Due to recent rains and flooding a second extension was granted until June 30, 2017. The original project was to cover 7,200 linear feet, but due to costs, could only cover approximately 5,000 feet. Due to this, an amendment to the contract must be completed. Staff submitted the amendment in April and contract amendment was completed in June. The punch list items were completed and the project accepted.

Staff would like to utilize a Facebook survey to develop a name for the park on North Richards Street. We would like to solicit names from the public, then offer a poll for the most common suggestions. This would develop a list of 3-5 names for the Council to consider when choosing a name. The Council would not be bound by the poll and the name would have to comply with the City's Policy for Naming Parks and Recreation Facilities.

**Project Description:** The City of Brady (COB) has received, from the Texas Department of Transportation (TxDOT) Aviation Division an Airport Improvement Program Grant to prepare a new Master Plan for Curtis Field Airport. The current Master Plan is over seventeen (17) years old. Master Plans should be revised no less than every five (5) years and updated no less than every ten (10) years to ensure goals and objectives are current and operational.

After negotiations with the previously selected vendor were unsuccessful, TxDOT, in coordination with COB staff elected to develop a new Scope of Work for the project and seek new proposals. The new Scope of Work was completed in July 2017 and responses were received in August. A new contractor, Coffman and Associates was selected in October and TxDOT completed negotiations in December of 2018. A kickoff meeting was held with key stakeholders to conduct a SWOT analysis of the airport and gain insight into the process moving forward.

**Project Description:** The City of Brady (COB) has applied with the Texas Department of Transportation (TxDOT) Aviation Division for an Airport Improvement Program (AIP) Grant to replace the current Automated Weather Observation System (AWOS). The current system is no longer functioning and the parts to repair it are unavailable. The TxDOT Commission met on February 23, 2017 and awarded the grant to Brady. Staff worked with TxDOT to bid the project in April in accordance with TxDOT requirements, but due to the invitation to bid not being posted, we have had to extend the bid timeline. Two bids were received and the lowest responsible bidder has been awarded the project.

Construction of the AWOS is complete. The contractor completed installation of a new modem in March and the system is fully operational and reporting in all mediums. The \$938.00 difference for the original bid and the final cost was for additional UHF licensing.

On June 20, Director Peter Lamont and Agent Jacque Behrens met to discuss and organize the inaugural meeting of the GRW (Goals) Steering Committee. The meeting was held June 29 and included ten (10) members: Mayor Pro Tem James Griffin, Council Member Shelly Perkins, P&Z Committee Chair Nick Blyshak, Director of Community Services Peter Lamont, County Commissioners Gene Edmiston and Jason Behrens, Extension Agent Jacque Behrens, Livestock Association representatives Joe Behrens and Michael Probst and Chamber President Erin Corbell. Initial thoughts on required facilities included two (2) covered arenas, buildings that can accommodate portable stalls, meeting building and show office, RV spaces with hookups and an office for the McCulloch County AgriLife Extension Service agents.

A grant was submitted to the G. Rollie White Foundation for planning funds, but was not awarded. The committee has begun the process of becoming a 501(c)3 organization and has met with Reliance Architects to begin the master plan process. A contract should be finalized in April.

**Project Description:** In 2015, the City has purchased the Southward Cafeteria building from the Brady Independent School District with assistance from McCulloch County. The facility is intended to hold the Senior Citizen program and the Meals-on-Wheels program. The facility will also be used for other activities and programs when not in use for senior programming. EIKON was hired to provide conceptual drawings for the facility with the City planning to contract out the various aspects of the construction. In December 2015 a request for proposals for was released for HVAC services. Only one company responded and noted that energy codes would require each trade to build to the highest level of the code while a completed plan would allow tradeoffs resulting in costs savings

On February 7, 2016 the contract EIKON was expanded to include full plans, specifications and bid documents. These plans include a commercial kitchen to support the Senior Lunch program. EIKON has provided an estimated cost of \$875,000 or approximately \$130/sq. ft. The reason for the costs include additional restroom, energy code requirements, ADA accessibility requirements, and commercial kitchen codes. The City has cleaned the facility and sold what items it could via online auction. Utilities has been reworking the lines servicing the facility. Staff is working on a potential grant application from the Community Development Block Grant Community Enhancement Fund.

Axis deer have become a significant issue in the vicinity of Brady Lake. Large herds have been entering the City limits, especially in the Simpson Lake Club area. These same herds have had a detrimental effect on the native White Tail deer. On April 4, 2017, City Council authorized the City Manager to enter into an agreement with Jason Skinner to act as a trapper and to relocate Axis deer from the South Shore Park area of Brady Lake. The contract includes fees for Axis of various ages and sizes to be paid to the City.

After numerous back and forth, an agreement has been reached and a contract has been signed. Additionally, Mr. Skinner has met with Agrilife to assist with the local youth hunts authorized by Council. The City has received one payment of \$2,490, but no inventory accompanied the payment

## MEMORANDUM

March 29, 2018

**To:** City Council

**From:** Kim Lenoir, City Manager

**Subject:** Update of Replat & Leases of Davee and Dodge Heights Subdivisions

---

In 2013-2014, staff discovered the tangled web of non-compliance and billing with lake lot leases for Davee and Dodge Heights. In 2015, City Council increased the annual lease payments to \$1200 per year per lot. TCEQ rules also made it difficult for the city to continue to lease lots that were too small (less than 1/2 acre) for current septic tank requirements, especially in complying with the clean pristine water quality of the Brady Lake area. In 2016, staff began survey and replat work to clear up the records, billing, property inspections and compliance with current TCEQ septic tank regulations.

In February 2017, City Council put a moratorium on considering any new leases, until the lake lot leases and replats are in order. The Dodge Heights subdivision, zoned single-family in 2013, will go through the replatting rules process, requiring public hearings, P&Z approval and City Council approval. All new leases for larger lots will be prepared and approved by city council, incorporating any current active leases yet to expire.

Davee Addition replat has been approved by P&Z and City Council. The lots have also been appraised. Surveyor needs to complete the final plat for the county records. The city is also researching clear title on both subdivisions.

The Dodge Heights replat has been more difficult to replat, with the probability of several homes on less than a 1/2 acre tract. The goal is to have the Dodge Heights replat and staff recommendations scheduled in July 2018.

Staff is preparing demolition of abandoned property in Dodge Heights Addition.

### Next Steps:

- Davee – File final plat. Determine clear title. Council to authorize sale of property.
- Dodge Heights – continuation of cleaning up records. Abandoned lots and personal property needs to be scheduled for demolition. Replatting must be complete before lots can be appraised for possible sell.
- City Council may want to set-up a tour on-site on or before the April 17 Work Session.
- City Council will have a work session April 17 to discuss issues related to lease rates, zoning, replatting plans, and selling lots.

**Subject:** Update of Regulating Boat Docks on Brady Lake

---

City of Brady has Ordinance No. 316, Regulating Boat Docks and Other Floating Structures that needs updating. Just like recordkeeping of lease lake lots, records of active boat dock permits are not complete. Now that the lake is filling and boat docks can float again on the lake, there is more interest in acquiring and permitting boat docks from lake property owners. There are also many existing boat docks in poor condition that are not claimed that need to be removed.

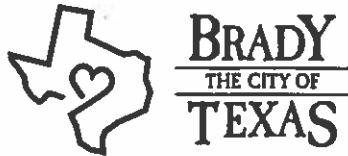

Staff reviewed rules on other Texas lakes and prepared new boat dock rules and regulations.

Staff billed in January existing boat docks with permits and requested new applications from all boat dock owners. By ordinance only lake lot owners may have a boat dock on Brady Lake.

### Next Steps:

Inspect existing/unclaimed docks for non-compliance and abandonment. Post notices and remove the docks.

Present updated rules and regulations to City Council for discussion during a work session and updated City Ordinance with updated rules and regulations.

**Subject:** Construct City Animal Control Facility at GRW Complex

---

In June 2017, City Council Members and staff toured animal control facilities in Lampasas and San Saba. The city has been leasing for 2 1/2 years the Mays Vet building on the San Angelo Highway for a 72-hour stray hold facility. That lease expires July 2018.

During budget work sessions, City Council proposed to build a small facility at GR White Complex to meet the minimum needs of the city for a permanent 72-hour stray hold facility, not to exceed \$70,000 which was budgeted for FY2018.

Staff reviewed with City Council on-site and at the work session on September 19, the concept plan for the facility. It would be located on the north end of the race track, near the back unpaved road and surrounding an existing small concrete building (17' x 16'), all located southwest of the existing FFA/4H animal pens. Water, sewer, electric, and phone utilities are located nearby. The site needed to be raised and drainage improved by adding a second culvert under the unpaved road that drains to Brady Creek. The street department completed the pad site.

The concept plans include moving the 20' x 20' portable office building located at the South Shore Park (old Mutualistic site) and to build a new garage style metal building with 24 kennels, like was observed in Lampasas. City Council liked the concept plan.

Eikon engineered the foundation plans and plumbing. Mueller prepared a pre-fab engineered metal building quote.

Bids were solicited February 28, with no bids received. Staff called all parties interested and extended the bids to open March 21. Two bids were received from Ballinger and Cleburne both exceeding estimates by 5 times the budgeted funds.

### Next Steps:

Need to extend existing 72 hour Stray Hold lease with the Mays Vet Building on San Angelo Highway. Will meet with the City Council to determine direction for a permanent facility.
