## Questions & Answers

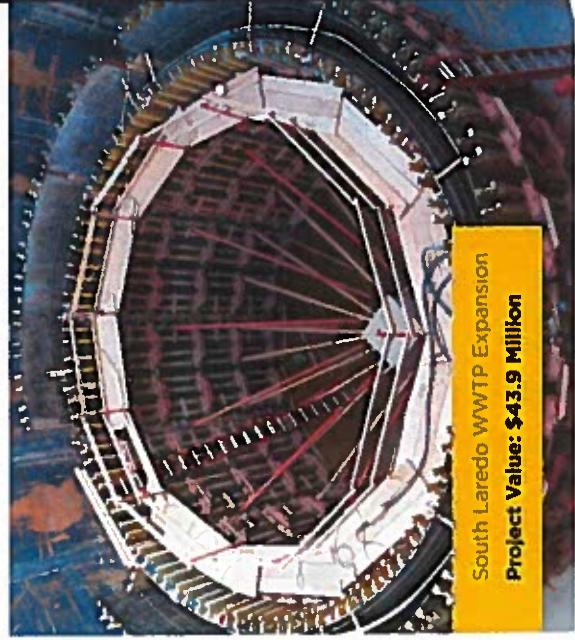

# BEFORE YOU DELIVER WATER, YOU NEED TO UNDERSTAND FLOW.

Most challenges with water projects come long before you put a shovel in the ground. You need a partner with the experience to understand long-term goals and the vision to know how to get you there.

PLW Waterworks - formerly Pepper Lawson Waterworks - puts its expertise to work exposing hidden obstacles before they have a chance to impact the job and we put passion to work on every project we build.

From conception to completion, we have what it takes to make your project a success.

## More than 25 Years in Waterworks

PLW Waterworks is an innovative waterworks infrastructure construction management and general contractor serving municipalities, water districts and water authorities across Texas since 1993. PLW Waterworks specializes in water purification treatment, reuse and desalination systems using design-build as well as alternative delivery methods to help bring fresh water to millions of Americans every day.

Headquartered in Houston, PLW Waterworks is part of the Webber group of companies. Founded in 1963, Webber is one of the largest general contractors in Texas and known for its award winning projects in transportation, waterworks and commercial construction. Webber also specializes in environmentally-friendly and recycled construction materials that eliminate the use of about 1.5 million cubic yards of landfill space annually while supplying contractors with quality recycled and locally sourced materials.

Our deeply held values - Innovation, Integrity, Safety, Collaboration and Excellence - drives every decision we make along the way. Because part of looking forward is looking after what matters most - our partners and our people.

## Innovation and Excellence at Work

When the City of Abilene needed a Construction Manager that could evolve 15 conceptual drawings into more than 650 installations and condense a three-year process to less than one year for the Hamby CMAR water reuse project, they chose PLW Waterworks. When the water began to flow into an Abilene lake, meeting the unbelievable deadline, it changed the quality of life for 150,000 people who had been under severe drought conditions. This is the heart of what PLW Waterworks strives for - improving the quality of life for the communities we live and work in.

## Managing the Unknown

Our team has honed our expertise through decades in the field. Whether its construction management, design-build or emerging delivery methods - we excel in delivering the most effective construction experience from preconstruction to startup, from accurate estimating to field coordination. But it's the unprecedented aspects of an ambitious project that activates our passion and partnership. Beyond fresh thinking and creative solutions, waterworks requires commitment and accountability.

<b>SUMMARY:</b> Financial Reports for second quarter-end (75%) of FY 19 have been emailed to you for review and placed on the website for public view.  City Sales Tax collections through June 30, 2019 total \$745,621.50, and are 78% of budget projections; however, total collections are \$18,866 less than last year at this time.  Current Property tax collections total \$867,362 and are at 98% of budget projections.  Revenues for the city's core funds: General, Gas, Solid Waste and Utility Support are on track with budget goals. Water sales continue to be lower than last year at this time with revenues at 65%, or about 10% short of budget goals. Mild weather has also hampered Electric sales which are at 68% or about 10% short of budget goals too. The bond proceeds for the water infrastructure improvement project has been fully funded. The clean water bond and grant funds are scheduled to close early August.  Expenditures for the city's core funds are tracking appropriately and are all below the 75 percentile benchmark.  <b>SPECIAL NOTE:</b> Upon successful completion of closing on a \$2 million interest free note, a low interest rate note at \$8.4 million, and receiving an additional \$4.2 million in grant funding for the waste water treatment plant improvements, the city saved about \$11.6 million in debt service payments by going through the Texas Water Development Board funding programs compared to funding on the open market.

**Agenda Action Form**

AGENDA DATE:	7/16/2019	AGENDA ITEM	7.A.
AGENDA SUBJECT:	Discussion, consideration and possible action authorizing the city manager to execute a contract agreement with PLW Waterworks for Construction Manager-at-Risk (CMAR) services to implement engineering plan improvements for Radium Reduction System – Drinking Water Treatment Improvements.		
PREPARED BY:	S. Miller/K. Kindle	Date Submitted: 07/11/2019	
EXHIBITS:	Draft CMAR Agreement; and Fee & Rate Proposals		
BUDGETARY IMPACT:	Required Expenditure:	\$88,180.00	
	Amount Budgeted:	\$88,180.00	
	Appropriation Required:	\$00.00	
CITY MANAGER APPROVAL:	<i>Accepted for Dennis Love</i>		
<p><b>SUMMARY:</b></p> <p>On June 13, 2019 (Thursday) sealed proposals were received at city hall as duly advertised and solicited for qualified firms to submit statements of qualifications and experience for CMAR services including a fee &amp; rate proposal. As part of the solicitation process and in order to be qualified to submit sealed proposals, interested firms had to attend a mandatory site visit to Brady held on May 23, 2019 (Thursday). In attendance at this meeting were three Texas based firms identified as <b>Asset Protection Group</b>, <b>PLW Waterworks</b> and <b>Garney Companies, Inc.</b> Sealed proposals (two envelopes: 1 – qualification statement and 2 – fee &amp; rate proposal) were received from two of the three firms or PLW Waterworks and Garney Companies, Inc. Under state requirements for solicitation for CMAR services certain ranking factors were made part of the proposal document for CMAR services as follows:</p> <ul style="list-style-type: none"> <li>• Experience and Capabilities <ul style="list-style-type: none"> <li>◦ Construction Manager-at-Risk/Other Firms [10%]</li> <li>◦ Key Personnel [15%]</li> </ul> </li> <li>• Organization, Management and Safety, Quality [ 5%]</li> <li>• Project Approach and Staffing Plan [40%]</li> <li>• Fee and Rate Proposal [30%]</li> </ul> <p>In ranking the proposals, a 100-point scale was derived based on the percentages shown. City staff review team (City Manager, Project Manager, W/WW Superintendent, WWTP Superintendent and Mayor) took the above factors into consideration and first ranked the two (2) firms based on their statements of qualifications only. City review team then met with Enprotec / Hibbs &amp; Todd in Abilene to discuss each of the firms fee &amp; rate proposals (exhibits). Based on the outcome of these discussions and city team ranking points the following final ranking table was compiled.</p>

# Agreement Between Owner and Construction Manager At-Risk with a Guaranteed Maximum Price

---

This **AGREEMENT** is made as of the \_\_\_\_\_ day of \_\_\_\_\_ in the year of **2019**, by and between the following parties, for services in connection with the Project identified below:

**OWNER:**

*(Name and address)*

**City of Brady**  
201 E Main Street  
Brady, TX 76825

**CONSTRUCTION MANAGER AT-RISK (CMAR):**

*(Name and address)*

**PROJECT:**

*(Include Project name and location as it will appear in the Contract Documents)*

Radium Reduction Project

In consideration of the mutual covenants and obligations contained herein, Owner and CMAR agree as set forth herein.

## Article 1

### **Scope of Work**

**1.1** CMAR shall perform all construction services, and provide all material, equipment, tools and labor, supplies, temporary facilities, and incidentals necessary to complete the Work described in and reasonably inferable from the Contract Documents.

## Article 2

### **Contract Documents**

**2.1** The Contract Documents are comprised of the following:

- 2.1.1** All written modifications, amendments, minor changes, and Change Orders to this Agreement issued in accordance with *General Conditions of Contract Between Owner and CMAR* ("General Conditions of Contract"), as edited and issued dated March 18, 2019;
- 2.1.2** The GMP Exhibits accepted by Owner in accordance with Section 6.6.1 herein;
- 2.1.3** This Agreement, including all exhibits but excluding, if applicable, the GMP Exhibits;
- 2.1.4** The General Conditions of Contract as edited and issued dated March 18, 2019;
- 2.1.5** The Supplementary Conditions; and
- 2.1.6** Construction Documents prepared by the Design Engineer.

## Article 3

### **Interpretation and Intent**

**3.1** CMAR and Owner, prior to execution of the Agreement (and again, if applicable, at the time of acceptance of GMP Proposals by Owner in accordance with Section 6.6.1 herein), shall carefully review all the Contract Documents, including the various documents comprising the Construction Documents, for any conflicts or ambiguities. CMAR and Owner will discuss and resolve any identified conflicts or ambiguities prior to execution of the Agreement or, if applicable, prior to Owner's acceptance of any GMP Proposal.

**3.2** The Contract Documents are intended to permit the parties to complete the Work and all obligations required by the Contract Documents within the Contract Time(s) for the Contract Price. The Contract Documents are intended to be complementary and interpreted in harmony so as to avoid conflict, with words and phrases interpreted in a manner consistent with construction and design industry standards. In the event inconsistencies, conflicts, or ambiguities between or among the Contract Documents are discovered after execution of the Agreement, or if applicable, after Owner's acceptance of a GMP Proposal, CMAR and Owner shall attempt to resolve any ambiguity, conflict or inconsistency informally, recognizing that the Contract Documents shall take precedence in the order in which they are listed in Section 2.1 herein.

**3.3** Terms, words and phrases used in the Contract Documents, including this Agreement, shall have the meanings given them in the General Conditions and Supplementary Conditions of Contract.

3.4 The Contract Documents form the entire agreement between Owner and CMAR and by incorporation herein are as fully binding on the parties as if repeated herein. No oral representations or other agreements have been made by the parties except as specifically stated in the Contract Documents.

## Article 4

### Reserved

## Article 5

### Contract Time

5.1 **Date of Commencement.** The Work shall commence within five (5) days of CMAR's receipt of Owner's Notice to Proceed ("Date of Commencement") unless the parties mutually agree otherwise in writing.

5.2 **Substantial Completion and Final Completion.**

5.2.1 Substantial Completion for the Planning Phase Services shall be achieved no later than August 30, 2019 ("Scheduled Planning Phase Substantial Completion Date").

5.2.2 Substantial Completion for the Work shall be achieved no later than August 30, 2021 ("Scheduled Improvements Substantial Completion Date").

5.2.3 Interim milestones and/or Substantial Completion of identified portions of the Work ("Scheduled Interim Milestone Dates") may be established as part of a GMP Exhibit.

5.2.4 Final Completion of the Work or identified portions of the Work thereof, and resolution of all unresolved claims shall be achieved within 120 days from the Substantial Completion date for the entire Work. Final Completion is the date when all Work is complete pursuant to the definition of Final Completion set forth in Section 1.2.7 of the General Conditions of Contract.

5.2.5 All of the dates set forth in this Article 5 (collectively the "Contract Time(s)") shall be subject to adjustment only in accordance with the General Conditions of Contract.

5.3 **Time is of the Essence.** Owner and CMAR mutually agree that time is of the essence with respect to the dates and times set forth in the Contract Documents.

5.4 **Liquidated Damages.** CMAR understands that if Substantial Completion is not attained by the Scheduled Substantial Completion Date, or by any established Scheduled Interim Milestone Dates, Owner will suffer damages which are difficult to determine and accurately specify. CMAR agrees that if Substantial Completion is not attained by the Scheduled Substantial Completion Date or by any established Scheduled Interim Milestone Dates (the "LD Date"), CMAR shall pay Owner one thousand Dollars (\$1,000.00) as liquidated damages for each day that Substantial Completion extends beyond the LD Date.

CMAR understands that if Final Completion is not achieved within one hundred twenty (120) days of the Substantial Completion Date, Owner will suffer damages which are difficult to determine and accurately specify. CMAR agrees that if Final Completion is not achieved within one hundred twenty (120) days of Substantial Completion, CMAR shall pay to Owner one thousand Dollars (\$1,000.00), as liquidated damages for each calendar day that Final Completion is delayed beyond the above-referenced number of days.

## Article 6

### Contract Price

#### 6.1 Contract Price.

6.1.1 Owner shall pay CMAR in accordance with Article 6 of the General Conditions of Contract a contract price ("Contract Price") equal to CMAR's Fee (as defined in Section 6.2 herein) plus the Cost of the Work (as defined in Section 6.3 herein), subject to any GMP established in Section 6.6 herein and any adjustments made in accordance with the General Conditions of Contract.

#### 6.2 CMAR's Fee.

##### 6.2.1 CMAR's Fee shall be:

~~Dollars (\$ \_\_\_\_\_), as adjusted in accordance with Section 6.2.2 below for Planning Phase Services;~~

~~percent ( \_\_\_\_\_ %) of the Cost of the Work for Equipment Procurement and Construction Phase Services, as adjusted in accordance with Section 6.2.2 below.~~

##### 6.2.2 CMAR's Fee will be adjusted as follows for any changes in the Work:

~~6.2.2.1 For additive Change Orders, including additive Change Orders arising from both additive and deductive items, it is agreed that CMAR shall receive a Fee as established under 6.2.1 above on the additional Costs of the Work incurred for that Change Order.~~

~~6.2.2.2 For deductive Change Orders, including deductive Change Orders arising from both additive and deductive items, the deductive amounts shall include an amount equal to the Fee as established under 6.2.1 above applied to the direct costs of the net reduction (which amount will account for a reduction associated with CMAR's Fee).~~

~~6.2.2.3 Planning Services Change Orders shall be at a cost agreed to between the Owner and CMAR.~~

#### 6.3 Cost of the Work. The term Cost of the Work shall mean costs reasonably and actually incurred by CMAR in the proper performance of the Work. The Cost of the Work shall include only the following:

6.3.1 Wages of direct employees of CMAR performing the Work at the Site or, with Owner's agreement, at locations off the Site.

6.3.2 Wages or salaries of CMAR's supervisory and administrative personnel engaged in the performance of the Work and who are located at the Site or working off-Site to assist in the production or transportation of material and equipment necessary for the Work.

6.3.3 Wages or salaries of CMAR's personnel stationed at CMAR's principal or branch offices, but only to the extent said personnel are identified in GMP Proposals and performing the function set forth in said GMP Proposals.

6.3.4 Costs incurred by CMAR for employee benefits, premiums, taxes, insurance, contributions and assessments required by law, collective bargaining agreements, or which are

customarily paid by CMAR, to the extent such costs are based on wages and salaries paid to employees of CMAR covered under Sections 6.3.1 through 6.3.3 herein.

**6.3.5** The reasonable portion of the cost of travel, accommodations and meals for CMAR's personnel necessarily and directly incurred in connection with the performance of the Work.

**6.3.6** Payments properly made by CMAR to Subcontractors for performance of portions of the Work, including any insurance and bond premiums incurred by Subcontractors.

**6.3.7** Costs incurred by CMAR in repairing or correcting defective, damaged or nonconforming Work (not including any warranty or corrective work performed after Substantial Completion), provided that such Work was beyond the reasonable control of CMAR, or caused by the ordinary mistakes or inadvertence, and not the negligence, of CMAR or those working by or through CMAR. If the costs associated with such Work are recoverable from insurance or Subcontractors, CMAR shall exercise its best efforts to obtain recovery from the appropriate source and provide a credit to Owner if recovery is obtained.

**6.3.8** Costs, including transportation, inspection, testing, storage and handling, of materials, equipment and supplies incorporated or reasonably used in completing the Work.

**6.3.9** Costs (less salvage value) of materials, supplies, temporary facilities, machinery, equipment and hand tools not customarily owned by the workers that are not fully consumed in the performance of the Work and which remain the property of CMAR, including the costs of transporting, inspecting, testing, handling, installing, maintaining, dismantling and removing such items. CMAR to provide estimated monthly costs for this line item.

**6.3.10** Costs of removal and legal disposal of debris and waste from the Site.

**6.3.11** The reasonable costs and expenses incurred in establishing, operating and demobilizing the Site office, including the cost of facsimile transmissions, long-distance telephone calls, internet service, postage and express delivery charges, telephone service, photocopying and reasonable petty cash expenses.

**6.3.12** Rental charges and the costs of transportation, installation, minor repairs and replacements, dismantling and removal of temporary facilities, machinery, equipment and hand tools not customarily owned by the workers, which are provided by CMAR at the Site, whether rented from CMAR or others, and incurred in the performance of the Work.

**6.3.13** Premiums for insurance and bonds required by this Agreement or the performance of the Work.

**6.3.14** All fuel and utility costs incurred in the performance of the Work.

**6.3.15** Costs for permits, royalties, licenses, tests and inspections incurred by CMAR as a requirement of the Contract Documents.

**6.3.16** The cost of defending suits or claims for infringement of patent rights arising from the use of a particular design, process, or product required by Owner, paying legal judgments against CMAR resulting from such suits or claims, and paying settlements made with Owner's consent.

**6.3.17** Deposits which are lost, except to the extent caused by CMAR's negligence.

**6.3.18** Costs incurred in preventing damage, injury or loss in case of an emergency affecting the safety of persons and property.

**6.3.19** Accounting and data processing costs related to the Work.

**6.3.20** Other costs reasonably and properly incurred in the performance of the Work to the extent approved in writing by Owner.

**6.4 Allowance Items and Allowance Values.**

**6.4.1** Any and all Allowance Items, as well as their corresponding Allowance Values, are set forth in the GMP Exhibits or GMP Proposals and are included within the GMP. CMAR shall include an Owner-designated allowance for Owner directed improvements within the GMP.

**6.4.2** CMAR and Owner have worked together to review the Allowance Items and Allowance Values based on design information then available to determine that the Allowance Values constitute reasonable estimates for the Allowance Items. CMAR and Owner will continue working closely together during the preparation of the design to develop Construction Documents consistent with the Allowance Values. Nothing herein is intended in any way to constitute a guarantee by CMAR that the Allowance Item in question can be performed for the Allowance Value.

**6.4.3** No work shall be performed on any Allowance Item without CMAR first obtaining in writing advanced authorization to proceed from Owner. Owner agrees that if CMAR is not provided written authorization to proceed on an Allowance Item by the date set forth in the Project schedule, due to no fault of CMAR, CMAR may be entitled to an adjustment of the Contract Time(s).

**6.4.4** The Allowance Value for an Allowance Item includes the direct cost of labor, materials, equipment, transportation, taxes and insurance associated with the applicable Allowance Item. All other costs, including CMAR's overall project management and general conditions costs, overhead and fee, are deemed to be included in the original Contract Price, and are not subject to adjustment, regardless of the actual amount of the Allowance Item.

**6.4.5** Whenever the actual costs for an Allowance Item is more than or less than the stated Allowance Value, the Contract Price shall be adjusted accordingly by Change Order, subject to Section 6.4.4. The amount of the Change Order shall reflect the difference between actual costs incurred by CMAR for the particular Allowance Item and the Allowance Value.

**6.5 Non-Reimbursable Costs.**

**6.5.1** The following shall not be deemed as costs of the Work:

**6.5.1.1** Compensation for CMAR's personnel stationed at CMAR's principal or branch offices, except as provided for in Sections 6.3.1, 6.3.2 and 6.3.3 herein.

**6.5.1.2** Overhead and general expenses, except as provided for in Section 6.3 herein, or which may be recoverable for changes to the Work.

**6.5.1.3** The cost of CMAR's capital used in the performance of the Work.

**6.5.1.4** Costs that would cause the GMP, as adjusted in accordance with the Contract Documents, to be exceeded.

**6.6 The Guaranteed Maximum Price ("GMP").**

**6.6.1 GMP Established after Execution of this Agreement.**

**6.6.1.1 GMP Proposals.** If requested by Owner, CMAR shall submit GMP Proposals to Owner which shall include the following, unless the parties mutually agree otherwise:

**6.6.1.1.1** A proposed GMP, which shall be the sum of:

- i. CMAR's Fee as defined in Section 6.2.1 herein;
- ii. The estimated Cost of the Work as defined in Section 6.3 herein, inclusive of any CMAR's Contingency as defined in Section 6.6.1.1.9 below; and
- iii. If applicable, any Allowance Value established under Section 6.4 herein.

**6.6.1.1.2** A list of the assumptions and clarifications made by CMAR in the preparation of the GMP Proposal;

**6.6.1.1.3** The Scheduled Interim Milestone Date upon which the proposed GMP is based, to the extent said date has not already been established under Section 5.2 herein, and a schedule upon which the Scheduled Interim Milestone Date is based;

**6.6.1.1.4** If applicable, a list of Allowance Items, Allowance Values, and a statement of their basis;

**6.6.1.1.5** If applicable, a schedule of alternate prices;

**6.6.1.1.6** If applicable, a schedule of unit prices;

**6.6.1.1.7** If applicable, a statement of Additional Services which may be performed but which are not included in the GMP and which, if performed, shall be the basis for an increase in the GMP and/or Contract Time(s); and

**6.6.1.1.8** The time limit for acceptance of the GMP Proposal.

**6.6.1.1.9** The GMP shall include a Contingency in an amount agreed to between the Owner and CMAR which is available for CMAR's use for unanticipated costs it has incurred that are not the basis for a Change Order under the Contract Documents. By way of example, and not as a limitation, such costs may include: (a) trade buy-out differentials; (b) overtime or acceleration; (c) escalation of materials; (d) correction of defective, damaged or nonconforming Work, however caused; (e) Subcontractor defaults; or (f) those events under Section 8.2.2 of the General Conditions of Contract that result in an extension of the Contract Time but do not result in an increase in the Contract Price. CMAR shall provide Owner notice of all anticipated charges against the Contingency, and shall provide Owner as part of the monthly status report required by Section 2.1.2 of the General Conditions of Contract an accounting of the Contingency, including all reasonably foreseen uses or potential uses of the Contingency in the upcoming three (3) months. CMAR agrees that with respect to any expenditure from the Contingency relating to a Subcontractor default or an event for which insurance or bond may provide reimbursement, CMAR will in good faith exercise reasonable steps to obtain performance from the Subcontractor and/or recovery from any surety or insurance company. CMAR agrees that if CMAR is subsequently reimbursed for said costs, then said recovery will be credited back to the Contingency.

**6.6.1.2** Review and Adjustment to GMP Proposal. After submission of a GMP Proposal, CMAR and Owner shall meet to discuss and review the GMP Proposal. If Owner has any comments regarding the GMP Proposal, or finds any inconsistencies or inaccuracies in the information presented, it shall promptly give written notice to CMAR of such comments or findings. If appropriate, CMAR shall, upon receipt of Owner's notice, make appropriate adjustments to the GMP Proposal.

**6.6.1.3 Acceptance of GMP Proposal.** If Owner accepts a GMP Proposal, as may be amended by CMAR, the GMP and its basis shall be set forth in an amendment to this Agreement.

**6.6.1.4 Failure to Accept the GMP Proposal.** If Owner rejects a GMP Proposal, or fails to notify CMAR in writing on or before the date specified in the GMP Proposal that it accepts the GMP Proposal, the GMP Proposal shall be deemed withdrawn and of no effect. In such event, Owner and CMAR shall meet and confer as to how the Project will proceed, with Owner having the following options:

**6.6.1.4.1** Owner may suggest modifications to the GMP Proposal, whereupon, if such modifications are accepted in writing by CMAR, the GMP Proposal shall be deemed accepted and the parties shall proceed in accordance with Section 6.6.1.3 above;

**6.6.1.4.2** Owner may terminate this Agreement for convenience in accordance with Article 8 herein; provided, however, in this event, CMAR shall not be entitled to the payment provided for in Section 8.1 herein.

If Owner fails to exercise any of the above options, CMAR shall have the right to suspend performance of Work in accordance with Section 11.3.1 of the General Conditions of Contract, provided, however, that in such event CMAR shall not be entitled to the payment provided for in Section 8.1 herein.

**6.6.2 Savings.**

**6.6.2.1** If the sum of the actual Cost of the Work and CMAR's Fee is less than the GMP, as such GMP may have been adjusted over the course of the Project, the Owner may utilize the difference ("Savings") for additional work, and shall coordinate with the CMAR to modify the project scope accordingly based on agreed adjustment in project cost.

## **Article 7**

### **Procedure for Payment**

**7.1 Progress Payments.**

**7.1.1** CMAR shall submit to Owner on the fifth (5<sup>th</sup>) day of each month, beginning with the first month after the Date of Commencement, CMAR's Application for Payment in accordance with Article 6 of the General Conditions of Contract. Owner and Engineer shall then review the progress payment request and upon approval, shall submit to the TWDB for release of funds.

**7.1.2** Once TWDB has released funds for the progress payment to the Owner, the Owner shall make payment (approximately within thirty [30] days after Owner's receipt of each properly submitted and accurate Application for Payment to obtain release of funding from TWDB) in accordance with Article 6 of the General Conditions of Contract, but in each case less the total of payments previously made, and less amounts properly withheld under Section 6.3 of the General Conditions of Contract.

**7.2 Retainage on Progress Payments.**

**7.2.1** Owner will retain five percent (5%) of each Application for Payment.

**7.2.2 After Substantial Completion** of the entire Work or, if applicable, any portion of the Work, pursuant to Section 6.6 of the General Conditions of Contract, Owner may release to CMAR retained amounts relating, as applicable, to the entire Work or completed portion of the Work, less an amount equal to: (a) the reasonable value of all remaining or incomplete items of Work as noted in the Certificate of Substantial Completion; and (b) all other amounts Owner is entitled to withhold pursuant to Section 6.3 of the General Conditions of Contract.

**7.3 Final Payment.** CMAR shall submit its Final Application for Payment to Owner in accordance with Section 6.7 of the General Conditions of Contract. Owner shall make payment on CMAR's properly submitted and accurate Final Application for Payment (less any amount the parties may have agreed to set aside for warranty work) within thirty (30) days (accounting for time to release funds from TWDB) after Owner's receipt of the Final Application for Payment, provided that CMAR has satisfied the requirements for final payment set forth in Section 6.7.2 of the General Conditions of Contract.

**7.4 Record Keeping and Finance Controls.** CMAR acknowledges that this Agreement is to be administered on an "open book" arrangement relative to Costs of the Work. CMAR shall keep full and detailed accounts and exercise such controls as may be necessary for proper financial management, using accounting and control systems in accordance with generally accepted accounting principles and as may be provided in the Contract Documents. During the performance of the Work and for a period of three (3) years after Final Payment, Owner and Owner's accountants shall be afforded access to, and the right to audit from time-to-time, upon reasonable notice, CMAR's records, books, correspondence, receipts, subcontracts, purchase orders, vouchers, memoranda and other data relating to the Work, all of which CMAR shall preserve for a period of three (3) years after Final Payment. Such inspection shall take place at CMAR's offices during normal business hours unless another location and time is agreed to by the parties. Any multipliers or markups agreed to by the Owner and CMAR as part of this Agreement are only subject to audit to confirm that such multiplier or markup has been charged in accordance with this Agreement, with the composition of such multiplier or markup not being subject to audit.

## Article 8

### Termination for Convenience

**8.1** Upon ten (10) days' written notice to CMAR, Owner may, for its convenience and without cause, elect to terminate this Agreement. In such event, Owner shall pay CMAR for the following:

- 8.1.1** All Work executed and for proven loss, cost or expense in connection with the Work;
- 8.1.2** The reasonable costs and expenses attributable to such termination, including demobilization costs and amounts due in settlement of terminated contracts with Subcontractors; and
- 8.1.3** Reasonable overhead and profit in the amount established in 6.2.1 for Construction Phase Services on the sum of items 8.1.1 and 8.1.2 above.

## Article 9

### Representatives of the Parties

#### **9.1 Owner's Representatives.**

- 9.1.1** Owner designates the individual listed below as its Senior Representative ("Owner Senior Representative"), which individual has the authority and responsibility for avoiding and resolving disputes under Section 10.2.3 of the General Conditions of Contract:

**10.3 Cost of Bonds and Insurance premiums shall be reimbursed under Article 6.3, as part of the first GMP Proposal.**

## Article 11

### **Other Provisions**

**11.1 Other provisions, if any, are as follows:**

**11.1.1 Any claims, disputes, or controversies between the parties arising out of or related to the Agreement, or the breach thereof, which have not been resolved in accordance with the procedures set forth in Section 10.2 of the General Conditions of Contract shall be resolved in a court of competent jurisdiction in McCulloch County, Texas. In the event of such litigation, the prevailing party shall be entitled to its necessary and reasonable costs and attorneys fees incurred in prosecuting or defending such litigation.**

**11.1.2 Mandatory Davis-Bacon Act Contract Conditions. All laborers and mechanics working on the work site and employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Drinking Water State Revolving Fund shall be paid wages as mandated by the Davis-Bacon Act, 40 U.S. Code §§ 3141 et seq.**

**11.1.2.1 The Davis-Bacon prevailing wage requirements apply to Contractors and Subcontractors performing on federally funded or assisted contracts in excess of \$2,000 for the construction, alteration or repair (including painting) of a treatment works project under the CWSRF or a construction project under the DWSRF.**

**11.1.2.2 For prime contracts in excess of \$100,000, Contractors and Subcontractors must also, under the provisions of the Contract Work Hours and Safety Standards Act, as amended, pay laborers and mechanics, including guards and watchmen, at least one and one-half times their regular rate of pay for all hours worked over 40 in a workweek. The Fair Labor Standards Act may also apply to Davis-Bacon covered contracts. Any contracts or subcontracts in excess of \$2,000 must include the provisions of the Davis-Bacon Wage Rate Requirements found in TWDB Guidance No. DB-0156.**

**11.1.3 American Iron and Steel Requirements. This project is subject to the American Iron and Steel (AIS) requirements of 33 U.S.C § 1388 for Clean Water State Revolving Fund projects or Public Law 114-113, Consolidated Appropriations Act, 2016, or subsequent appropriations acts, for Drinking Water State Revolving Fund projects. Any contracts awarded under this Request for Proposals are subject to the American Iron and Steel (AIS) requirements of these laws.**

In executing this Agreement, Owner and CMAR each individually represents that it has the necessary financial resources to fulfill its obligations under this Agreement, and each has the necessary corporate approvals to execute this Agreement, and perform the services described herein.
