CONSERVATION TIP

CHECK FOR LEAKS

The most common types of leaks are worn toilet flappers, dripping faucets, and other leaking valves both inside and outside the home. Fixing household water leaks can save around 10% on water bills.

CONSERVATION TIP

COLLECT YOUR PET'S WASTE

Pets traveling with you? Dog waste can contribute to bacterial pollution in urban watersheds. Take bags with you to collect your pet's waste. Deposit it in a trash can or dump it in the toilet (without the bag). Never throw pet waste into a storm drain or waterway.

National Night Out is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live. National Night Out enhances the relationship between neighbors and law enforcement while bringing back a true sense of community. Furthermore, it provides a great opportunity to bring police and neighbors together under positive circumstances. NNO in Brady is organized by the McCulloch County Crime Stoppers and Community Block Party Captains.
