STATE OF TEXAS

COUNTY OF McCULLOCH

CITY OF BRADY

The City Council of the City of Brady, Texas met in a Joint Work Session Meeting with Melvin City Council on Monday April 1, 2024 at 1:30 p.m. with Mayor Aaron Garcia presiding. Council Members present were Missi Elliston, Larry Land, Gabe Moreno, Jeffrey Sutton and Felix Gomez. City staff present were City Manager Erin Corbell, Police Chief Randy Batten, EMS Coordinator Jeremy Ramon, Street Superintendent Manny Perez, Public Works Director Steve Miller and City Secretary Tina Keys. Also in attendance were Mikki Williams, Carol Anderson, Randy Deans, Frank Trull, Don Bratton Marelina Brown, Carlos Flores, Dale Anderson, Ramiro Castanuela, Marlinda Davis, James Bissonnette, and Lynn Farris.

#### **Judge**

Mayor Garcia called the meeting to order at 1:30 p.m. Council quorum was certified. Judge Trull said Commissioner Beherns was not present. City of Melvin said present was Marlinda Davis, Marelina, Romero, Dale, Charlie, and announced a quorum was present.

#### **2. DISCUSSION ITEMS**

- a. Discussion regarding Interlocal Agreement with City of Melvin and/or McCulloch County for EMS services. Mayor Brown asked if everyone received what they gave the commissioners and the city and asked why they were excluded from interlocal agreement. Judge Trull said because they are incorporated, but up until the very last minute of the signing of the agreement they had been included in the EMS services. Mayor Brown said her standing is they still need EMS services in Melvin, but they cannot afford it. They want to know and understand when the commissioners made the hospital district, how did they give up their authority in regulating the hospital and why Melvin is not included in the last agreement. Judge Trull said he can't speak for hospital but the first year it was in the budget for \$156,000 but then Erin Corbell didn't have time to figure numbers for next budget, so he added 10%. Being new he didn't realize Melvin was included. Now he has looked into everything. Melvin is an incorporated city like Brady and makes their own decisions for services to provide. The next budget cycle came up and the more he learns he realized McCulloch County doesn't have authority inside the city limits of Melvin or Brady, so EMS services have been provided without an interlocal agreement. Past administration handled things their way. The City of Melvin needs to understand the County cannot make an agreement for Melvin with the City of Brady. The bad part is they were not included in the agreement when it was realized. Judge Trull said part of it is just that he didn't know everything. Every year he is learning more. When he realized it was there, he spoke with them and even got legal council and they reaffirmed that they can't provide service without an interlocal agreement. Council person Castanuela said with the interlocal agreement with the city, there cannot be another EMS service; they can't even bring in another service because of the very low income population they have. Mayor Garcia said he doesn't think our interlocal agreement has anything to do with any competing EMS services. Mayor Brown read portions of the agreement the City of Melvin had on file and said it is not updated. It was signed by James Stewart and Clay Jones so it's an old agreement. Mayor Brown went on to read Texas Local Government Code 791.030 healthcare and hospital services and said there's no way the City of Melvin can get a grant right now. Their CPA hasn't started on the 2022 grants and 2023 audits are due. They tried to apply for emergency grants and they can't get them. Mayor Brown asked "what are we going to do"? Judge Trull asked when their budget cycle starts. Mayor Brown said January. In January 2024 they owed \$15,000, in February owed \$15,373 and March \$15,373. Judge Trull said when they get numbers from the city that's so they can prepare the next year budget so he would assume it would be similar for Melvin. Mayor Brown said they already owe \$6,000 to the city plus EMS. Erin Corbell said we have not reached an interlocal agreement with Melvin so

those amounts due are not enforceable. We work the numbers from our last fiscal year applying our actual number of calls so it can be worked into their next fiscal year. Corbell said we never reached an interlocal agreement so the \$6,000 is not per year. Mayor Brown said they do have the helipad and it has been used by EMS several times and asked if there is any way to compromise on something like that. Randy Deans asked if the volunteer department built it. Mayor Brown said no, the City of Melvin got a grant. Council Member Land said we would have to separate out the Melvin calls from the county total. Mayor Garcia said Corbell has done that. Their next fiscal year would be \$13,659. Their number of calls doubled. Mayor Brown said they aren't going to hold people's health in jeopardy. The helipad is there, if they make an agreement with the county for \$13,000 and the City for \$13,000. Erin Corbell said the city is the service provider so the agreement would be with the City of Brady, excluding the county. Erin Corbell said she said they would not cut off EMS services to Melvin while they were working on the agreement. Mayor Brown said that's not what was said, and went on to say the County Judge knows, and they know the price went up ridiculous; it went up way too high. Mayor Brown said the judge told them the City is hurting for money. Erin Corbell said she gave the county a heads up that there would be a significant jump due to the 7% increase in pay to the EMS personnel. Mayor Brown said the prices haven't come down at all. Corbell said prices for fuel have gone up as well as the cost of ambulances and supplies. Unless those costs come down, our prices won't come down. A Melvin council member asked how often our ambulances get replaced. Corbell said they're on a 5 – 7 year replacement program. We have 3 right now. Council Member Land asked if the formula for Melvin would be the same as a county. Corbell said the base price is \$1,564 to \$2,220 having to do with what's used on the ambulance, mileage, etc. If the patient has insurance there is a contractual allowance that reduces that charge. It cuts the billed amount. The average was \$1,823 the last time they checked. Council Person Castanuela said their budget is very low. Of their population, 60% is over 50 -55 years old. They are having more people grow old so more are going to need ambulance services. Mayor Brown said they do get sales tax, franchise tax, but they don't get road tax and they don't get liquor tax. Their tax base is not that big. The wind turbines have dropped their property rates. They're broke. They need help but don't want a handout. Council Person Castanuela said the Melvin fire department keeps asking why they pay county taxes and does it help them out. Their people are very upset. Judge Trull said county taxes pay for every county office. Council Person Castanuela said he understands but the elderly cannot comprehend. Council Member Land asked what other communities do. Mayor Brown said the commissioners are supposed to step in and take care of their citizens. Mayor Garcia said the biggest obstacle he is hearing is their incorporated status. If the city of Melvin doesn't make enough, why not unincorporate. Mayor Brown said right now they have a grant for the water system for 7 more years. It was 10 years. They cannot do anything with it. If something happens with the city, an entity can come in. The brokers that paid in for the \$837,000 wants their money back. So, this entity will come in and sell everything the city has. What's left the citizens of Melvin will have to pay for. Then it will go to everyone in the county to pay back that amount plus interest. Mayor Garcia said as people get older, without some type of agreement, those costs are going to continue to get higher. We want to figure out what's the best way to help Melvin. What's preventing the county from helping is the incorporated status. Carol Anderson said it was her understanding that the hospital district was supposed to take care of those who can't take care of themselves. Mayor Brown said they have reached out to the hospital district without anything in return and said if we have a hospital district and are not utilizing the indigent program what are we paying taxes for. Don Bratton asked when was the last time anybody saw when the hospital district was having a meeting? Carol Anderson said Melvin might want to talk with the hospital district to see if there is anything they can do to help. Council Member Land asked if the council of governments could help. Corbell said she has not heard of them doing anything like this. Mayor Brown said the only thing they can offer is the helipad. Council Member Land said that should be worth something. A Melvin council member said he believes when you unincorporate, one of the things you give up are water rights and then towns just dry up and go away. He doesn't think the citizens of Melvin would vote to unincorporate. Carol Anderson suggested they contact their senator for help. Council Member Moreno said we would prefer Melvin talk to the hospital board

then come back to the city. The revenue comes from the hospital board. Mayor Brown said they are considering charging to use the helipad. Carol Anderson asked who they would charge. Mayor Brown responded “EMS”. Randy Deans said the use of the helipad should be in the interlocal agreement. Mayor Garcia said we want to get this resolved. We’re not cutting service off, today. It hasn’t even been in the discussion. The county went for several years without paying, Melvin hasn’t even gotten a bill yet. These meetings are a starting point to find out what’s best for everybody. We all have to work together. We need to make sure Melvin has done their due diligence and gone to the hospital board so we can work it out. Mayor Garcia said we aren’t going to come to an agreement today, but we are getting the ball rolling.

- b. Discussion regarding modification of Interlocal Agreement with McCulloch County for Road Maintenance Services to include waste project material. Erin Corbell said she handed out a copy of what the interlocal agreement would look like with changes in red. Carol Anderson said the county has to have the agreement to accept donations. It’s material that the city crews removed that’s not usable material for the city. Carol said if it’s a real problem, we can go back to the old agreement. Steven Miller said it’s good wording, but they don’t want to imply there is any hauling done by the city. Carol Anderson said she doesn’t think anywhere in the agreement does it say anything about the city or county moving material.

### 1. CALL TO ORDER, ROLL CALL & CERTIFICATION OF A QUORUM

Mayor Garcia called the meeting to order at 5:00 p.m. Council quorum was certified.

### 2. PUBLIC COMMENTS

There were no public comments

### 3. INDIVIDUAL CONCERNS

- A. Discussion with Eikon regarding Fire Department / Police Department plans – Jim Wilson said the white on the bar on the site plan is the existing building. Anything colored is new construction. They do intend to remodel some offices to get more offices. Mayor Garcia asked why there are 5 bedrooms, 30 parking spaces for 5 personnel. When we walked it, we discussed a million or 1.5 million and Mayor Garcia said he doesn't understand why it is so much. We would have a lot of empty rooms and Mayor Garcia said he doesn't understand. Eikon said they used the understanding of the building program which was done for this location. It's for growth. Erin Corbell said to prepare for future growth so you don't have to find funds down the road. Chief Perrin said there are times that we have 8-10 people bunked in an emergency situation. Right now, they sleep on couches or recliners. Mayor Garcia asked what would constitute that situation. Ron Larson said we're going to have it this weekend. Mayor Garcia said that won't happen for another 100 years; and we're not going to grow to that size. We can watch history and for the last 100 years and we haven't grown. Council Member Moreno said we're on a budget and we want to get them what they need. Let's get something done that's better than they have now and then eventually if we start growing, we can add on. We need to keep the total price now. The idea was to downsize but that wasn't made clear. Scale it down, but make it nice and workable. We can add on if we grow when we are more financially stable at that time. Council Member Elliston said our original plan would accommodate growth at well under the cost. Maybe we don't have to make it quite this big, but we need to accommodate some growth into the plans. Council Member Elliston said she is more in favor of this current facility and the cafeteria than this. Jim Wilson said there is a lot of concrete paving. Maybe we could reduce that on the back. Also, equipment storage area, even though we need it, we might be able to pull back. Dan Campos said everybody has good opinions, they are trying to come up with a plan with growth for 20 years. Growth may or may not come. People are moving out here and the fire department is going to have increased calls. History proves that. They are trying to come up with the most cost-effective option. Projects are not decreasing, costs are increasing. It spiked after covid and has not come down. we've looked at a lot of different options, properties around town. In hindsight, we could have built something years ago for less than we're considering now. They're trying to help the city make a good decision. They're not saying this is the answer. This is an option. They would work closely with the fire department to determine what would be best in a 20 year period. This is a feasible option. We can come up with phases to add on. When you go to add, you're going to be spending more money down the road. We've gone through this exercise so many times and Eikon doesn't really know where Council wants to

go. Council Member Elliston said we can get two facilities for the price of this one. Council Member Land asked how many people the fire department needs to sleep. Chief Perrin said on a normal day it's 5 – 6; Goat Cookoff they might have 8 – 10. We have extra people who come in and they stay at the station. Council Member Land asked if the fire department personnel are ok being out there. Chief Perrin said he likes the road situation. Council Member Land said he likes it as well and said he spoke with someone in the commercial concrete business and the concrete is pretty inflated. It could be less when we go out to bid. Dan Campos said they take an average of their jobs to figure the costs. They can look at several ways to save during the bid process. Mayor Garcia asked if they have to have concrete. Dan Campos said they have to prove an 80,000 pound fire truck can go over it and not make ruts. The parking lot can be asphalt or gravel. Anywhere the trucks are going constantly is going to have to withstand the load. Mayor Garcia asked if there is a state mandate to have separate bunk rooms. Chief Perrin said it's recommended. Jim Wilson said they tried to use existing walls as much as they could and went on to say you would have to lose a bay to include an exercise room. Council Member Gomez said we're hurting ourselves by not moving on this. Mayor Garcia said we don't have the money to do either option today and asked what would the phase process look like. Council Member Elliston said phasing over multiple years will end up costing more. Mayor Garcia said he was thinking of maybe over 3 years and asked what can we do with what we have, and then we can prepare for step 2. Mayor Garcia said we're looking at 6 months to get started and asked what does the construction look like. Eikon said they would go out to bid in the fall, giving us more time to recruit money, then 6 months then start with site work. Mayor Garcia said we have time to come up with money, if we can sell the properties we have to sell. We owe it to our firefighters and citizens to figure it out. There are routes to get that money in that time frame. Council Member Moreno asked why the volunteers don't like that area. Erin Corbell said they think the response time will be higher. Chief Perrin said the 2-3 minute response time won't make a difference. Erin Corbell said she is hearing if there is any way to get an updated cost estimate minimizing the paving, do gravel for now, a split bunk room between male and female. Chief Perrin said he feels like they're better off with individual bunk rooms. You have to be careful with people. Erin Corbell said she can work on what the cost savings would be. Council Member Elliston said she doesn't want to spend more money on new plans. Dan Campos said they can look at the costs too.

Rustin Bush said he was born and raised Brady and growing up was all about sports. The place to be was the ballfields and in the early 2000's, the golf course was the place to be. Tournaments had wait lists. They had enough money to put in an irrigation system. Mr. Bush said the course to him is everything. He has so many memories there. His family takes care of some landscape beds, there is a tournament named after his stepmother. Roots run deep. He chose a career in the golf field. He is a golf course superintendent in a neighboring town. He has access to equipment that can be used here, spray rig. He wants to help. He calls on other superintendents. He can bring product in and can help out there, which is what he's offering. He has put in irrigation systems, that's how he got his start. What he wants is to give back to this town and give the citizens something they can be proud of. It's our chance to leave the world a better place than they found it.

<b>AGENDA DATE:</b>	4-16-24	<b>AGENDA ITEM</b>	7.B.
<b>AGENDA SUBJECT:</b> Discussion, consideration, and possible action regarding first reading of Ordinance 1378 of the City of Brady, Texas, to amend the FY2024 Budget for municipal purposes.			
<b>PREPARED BY:</b>	Erin Corbell / Lisa McElrath	<b>Date Submitted:</b>	4-5-24
<b>EXHIBITS:</b> Ordinance 1378 Exhibit A – Amendment Summary Bid Tabulation Sheet – Dump Truck Fund Balance Compliance Report			
<b>BUDGETARY IMPACT:</b>		<b>Required Expenditure:</b>	\$ .00
		<b>Amount Budgeted:</b>	\$ .00
		<b>Appropriation Required:</b>	\$ .00
<b>CITY MANAGER APPROVAL:</b>			

<b>SUMMARY:</b>	<p>The General Fund depicts a little over \$1,000,000 in excess funds over the minimum requirements when comparing the beginning audited fund balance to FY 2024 budget projections.</p> <p>Staff is recommending transferring \$1,000,000 from the General Fund to the General Construction Fund to add to fund balance that can be utilized for the construction phase of the future Police and Fire/EMS stations.</p> <p>The Water Division received 4 bids for a dump truck that was funded at \$90,000 in the FY 24 budget cycle. However, bids for a 2WD backhoe exceeded the approved budget funding by \$38,500 or more. This truck is to replace a 30-year-old truck currently used for excavating, backfilling and clearing work areas after utility repairs. It is also a back up unit for all other divisions. Because the Water Division has not been at full staff for some time, there are excess funds available in payroll and insurance budgets to cover the additional cost. Due to the essential nature of this vehicle, staff would like to utilize these excess funds to purchase the truck.</p> <p>The Police Department has received six bids to replace the air conditioning units at the Brady Police Department. The current units have been pieced together over the last several years and no longer function. The bids range from \$13,600 replacement of current units to a \$32,449 bid to rework the duct work, replace refrigerant line sets, repair of outside air set up, and repairing line set for other system for a two stage heating and cooling system to better serve the building. If the Police Department is going to remain in the current location, it is recommended that council look at bids that modify the current system to be more appropriate for the layout of the building and flow of air. Because the Police Department has not been at full staff, there are excess funds available in payroll and insurance budgets to cover the additional cost.</p> <p>Additionally: Interest earnings are significantly more than projected as the Federal Reserve continues to hold interest rates at the 5% plus range. The City's rate of earnings is tied to the 13-week T-Bill rate plus 0.25 basis points. As of March 31st, the rate of interest on the City's cash accounts was 5.50%, and interest earnings have fully met the current projections.</p>
-----------------	---

Staff would like to recognize that total interest revenue sources are likely to be \$467,000 more than originally budgeted to more closely project ending fund balances for FY 2024.

**RECOMMENDED ACTION:**

**Mayor will ask:** “Madam City Secretary please read the Ordinance Preamble for the record in accordance with the City Charter.” (City Secretary reads preamble)

**Mayor calls for a Motion:** Do I have a Motion to approve the second reading of **Ordinance 1378**?

YEAR 2023-2024 BUDGET FOR MUNICIPAL PURPOSES:**

An ordinance amending the 2023-2024 Fiscal Year Budget as follows for municipal purposes:

Transfer excess reserves from the General Fund (10) to General Construction Fund (11) to construct Fire/EMS and Police station improvements, provide funds to replace the heating/cooling unit at the Police station and provide additional funds for a dump truck purchase to be used for daily utility service work - detailed by Fund and Division in Exhibit A, attached.

**WHEREAS:** The City of Brady City Council desires to fund improvements to existing structures to support public safety facilities, and

**WHEREAS:** The City Council recognizes that General fund balance exceeds minimum required levels; and

**WHEREAS:** The approved Fund Balance Policy permits the use of excess fund balance for capital expenditures; and

**WHEREAS:** The council supports the need to replace certain equipment at city facilities; and

<b>SUMMARY:</b>	<p>Finance has identified an investment opportunity for the Texas Water Development Board funds currently held by the city's selected Escrow Agent, Bank of Oklahoma. The investment provides interest compounded daily and allows the city to capitalize on those interest earnings, rather than returning interest earnings to the IRS (arbitrage). The recaptured funds can be used for debt payment on the associated project, or for other related construction costs.</p> <p>The city's Escrow Agent, BOK, has indicated that they are currently unable to provide support services for this type of investment and the accounting of the daily interest accruals. Because staff would like to pursue this new investment opportunity and maximize the impact of the TWDB funds, staff is seeking approval to engage a new Escrow Agent that can accommodate the services needed to adequately support the investment.</p> <p>The TWDB has indicated support of this investment of the funds and does allow a change in designation of the Escrow Agent of record.</p>

### Agenda Action Form

<b>AGENDA DATE:</b>	4/16/2024	<b>AGENDA ITEM</b>	7.H.
<b>AGENDA SUBJECT:</b>	Discussion, consideration, and possible action approving bid to replace the current air conditioning units at Brady Police Department		
<b>PREPARED BY:</b>	E. Corbell	<b>date</b>	4/11/2024
<b>EXHIBITS:</b>	Bids		
<b>BUDGETARY IMPACT:</b>	<b>Required Expenditure:</b>		Up to \$32,449.00
	<b>Amount Budgeted:</b>		\$00.00
	<b>Appropriation Required:</b>		Up to \$32,449.00
<b>CITY MANAGER APPROVAL:</b>			

<b>SUMMARY:</b>
<p>The Police Department has received six bids to replace the air conditioning units at the Brady Police Department. The current units have been pieced together over the last several years and no longer function. The bids range from \$13,600 replacement of current units to a \$32,449 bid to rework the duct work, replace refrigerant line sets, repair of outside air set up, and repairing line set for other system for a two stage heating and cooling system to better serve the building. If the Police Department is going to remain in the current location, it is recommended that council look at bids that modify the current system to be more appropriate for the layout of the building and flow of air. Because the Police Department has not been at full staff, there are excess funds available in payroll and insurance budgets to cover the additional cost.</p> <p>An ordinance is on this same agenda to create a budget adjustment to support this agenda item.</p>

<b>RECOMMENDED ACTION:</b>
Select and approve desired bid.
